Porfilio, 2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16 schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive

examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and disability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism militarism consumerism White supremacy heterosexism rugged individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production The Many Panics of 1837 Jessica M. Lepler, 2013-09-16 In the spring of 1837 people panicked as financial and economic uncertainty spread within and between New York New Orleans and London Although the period of panic would dramatically influence political cultural and social history those who panicked sought to erase from history their experiences of one of America's worst early financial crises The Many Panics of 1837 reconstructs this period in order to make arguments about the national boundaries of history the role of information in the economy the personal and local nature of national and international events the origins and dissemination of economic ideas and most importantly what actually happened in 1837 This riveting transatlantic cultural history based on archival research on two continents reveals how people transformed their experiences of financial crisis into the Panic of 1837 a single event that would serve as a turning point in American history and an early inspiration for business cycle theory <u>Catalog of Copyright Entries. Bagnall, 2009 A compelling account of a career in education Dr Bagnall has served as an elementary school teacher a public and private high school teacher a professor in community colleges and an administrator in a college continuing education division His many challenges contrast sharply with the problems of today s educators but his story offers insights and inspiration to those who care about schools and those who teach in them Why You Can't Teach United States History without American Indians Susan Sleeper-Smith, Juliana Barr, Jean M. O'Brien, Nancy Shoemaker, Scott Manning Stevens, 2015-04-20 A resource for all who teach and study history this book illuminates the unmistakable centrality of American Indian history to the full sweep of American history The nineteen essays gathered in this collaboratively produced volume written by leading scholars in the field of Native American history reflect the newest directions of the field and are organized to follow the chronological arc of the standard American history survey Contributors reassess major events themes groups of historical actors and approaches social cultural military and political consistently demonstrating how Native American people and questions of Native American sovereignty have animated all the ways we consider the nation's past The uniqueness of Indigenous history as

interwoven more fully in the American story will challenge students to think in new ways about larger themes in U S history such as settlement and colonization economic and political power citizenship and movements for equality and the fundamental question of what it means to be an American Contributors are Chris Andersen Juliana Barr David R M Beck Jacob Betz Paul T Conrad Mikal Brotnov Eckstrom Margaret D Jacobs Adam Jortner Rosalyn R LaPier John J Laukaitis K Tsianina Lomawaima Robert J Miller Mindy J Morgan Andrew Needham Jean M O Brien Jeffrey Ostler Sarah M S Pearsall James D Rice Phillip H Round Susan Sleeper Smith and Scott Manning Stevens The New Social Studies Barbara Slater Stern, 2009-11-01 This volume The New Social Studies People Projects and Perspectives is not an attempt to be the comprehensive book on the era Given the sheer number of projects that task would be impossible However the current lack of knowledge about the politics people and projects of the NSS is unfortunate as it often appears that new scholars are reinventing the wheel due to their lack of knowledge about the history of the social studies field The goal of this book then is to sample the projects and individuals involved with the New Social Studies NSS in an attempt to provide an understanding of what came before and to suggest guidance to those concerned with social studies reform in the future especially in light of the standardization of curriculum and assessment currently underway in many states The authors who contributed to this project were recruited with several goals in mind including a broad range of ages interests and experiences with the NSS from participants during the NSS era through new young scholars who had never heard much about the NSS As many of the authors remind us in their chapters much has been written of the failure of the NSS However in every chapter of this book the authors also point out the remnants of the projects that remain **Lies My Teacher Told Me** James W. Loewen, 2018-07-17 Every teacher every student of history every citizen should read this book It is both a refreshing antidote to what has passed for history in our educational system and a one volume education in itself Howard Zinn A new edition of the national bestseller and American Book Award winner with a new preface by the author Since its first publication in 1995 Lies My Teacher Told Me has become one of the most important and successful history books of our time Having sold nearly two million copies the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti Racist Scholarship and was heralded on the front page of the New York Times For this new edition Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls an extremely convincing plea for truth in education In Lies My Teacher Told Me James W Loewen brings history alive in all its complexity and ambiguity Beginning with pre Columbian history and ranging over characters and events as diverse as Reconstruction Helen Keller the first Thanksgiving the My Lai massacre 9 11 and the Iraq War Loewen offers an eye opening critique of existing textbooks and a wonderful retelling of American history as it should and

Teaching White Supremacy Donald Yacovone, 2023-10-24 A powerful exploration of the past and present arc of America's white supremacy from the country's inception and Revolutionary years to its 19th century flashpoint of civil war to the Civil Rights movement of the 1960s and today s Black Lives Matter The most profoundly original cultural history in recent memory Henry Louis Gates Ir Harvard University Stunning timely an achievement in writing public history Teaching White Supremacy should be read widely in our roiling debate over how to teach about race and slavery in classrooms David W Blight Sterling Professor of American History Yale University author of the Pulitzer Prize winning Frederick Douglass Prophet of Freedom Donald Yacovone shows us the clear and damning evidence of white supremacy s deep seated roots in our nation's educational system through a fascinating in depth examination of America's wide assortment of texts from primary readers to college textbooks from popular histories to the most influential academic scholarship Sifting through a wealth of materials from the colonial era to today Yacovone reveals the systematic ways in which this ideology has infiltrated all aspects of American culture and how it has been at the heart of our collective national identity Yacovone lays out the arc of America's white supremacy from the country's inception and Revolutionary War years to its nineteenth century flashpoint of civil war to the civil rights movement of the 1960s and today s Black Lives Matter In a stunning reappraisal the author argues that it is the North not the South that bears the greater responsibility for creating the dominant strain of race theory which has been inculcated throughout the culture and in school textbooks that restricted and repressed African Americans and other minorities even as Northerners blamed the South for its legacy of slavery segregation and racial injustice A major assessment of how we got to where we are today of how white supremacy has suffused every area of American learning from literature and science to religion medicine and law and why this kind of thinking has so insidiously endured for more than three centuries
