Miseducating Americans Richard F. Hamilton examines accounts of American history appearing in textbooks and popular accounts and compares these with the reports contained in scholarly monographs The task to determine how certain myths and misconstructions became accepted as recorded history Hamilton provides much needed correction of those misleading accounts Was America historically the land of the free Not if you take into account slavery discrimination and post Civil War segregation policies Was America in the late nineteenth century truly expansionist as American textbooks imply or did it actually capitalize on unexpected political and economic opportunities like Russia's desire to rid itself of Alaska Was the acquisition of the Philippines a zealous profit seeking effort aiming for the China market or the fortuitous consequences of a move against Spain during the Spanish American War *Miseducating Americans* debunks many commonly accepted explanations of historical facts It contends that many accounts are oversimplifications and some are one sided depictions of virtue Hamilton traces the sources of these misconstructions which mostly come from history textbooks written by authors aiming for popular audiences He then offers explanations as to how and why the inaccuracies have been repeated and passed on **Gendering Politics and Policy** Heidi I. This compelling resource surveys a range of issues and methodologies to bring the most recent gender issues, politics, and policies into clear focus. Top feminist scholars and theorists from several disciplines explore the latest in gender mainstreaming, gender budgeting, citizenship, social capital, and the gender gap in various cultures and countries. *Gendering Politics and Policy* provides case studies of different policy areas, techniques, and political practice as it highlights issues important for women and women's issues around the world. The book's three main sections include detailed looks at politics and gender issues in the United States, policies of concern for women in Latin America and Europe, and women's agendas in the United Nations. This book is extremely useful as a teaching tool for students by surveying a wide range of vital issues and methodologies of gender development, women and politics, women and public policy, and women in international politics. The text is extensively referenced and includes several tables and figures to clearly present data and ideas. *Gendering Politics and Policy* discusses the need for women's citizenship, a new form of gendered citizenship more inclusive of women's issues that strengthens democratic governability, gender politics in presidential elections, including the impact the attention to women's votes has had on public policies of administrations between elections, the relationships between women's status and social capital, attack campaigning of male candidates against women candidates, the gender implications of economic policy in the United Kingdom, the discretionary nature of funding for support of domestic violence laws in Latin America, Central America, and the Caribbean region, women's increased leadership roles in German government, the need for gender mainstreaming in the German economy, child care as an international human right, the involvement of women's nongovernmental organizations at UN conferences. *Gendering Politics and Policy* is illuminating reading for educators, advanced undergraduate and graduate students in women's studies, political science, and public policy, as well as policy researchers and women leaders around the world.

The American Congress Steven S. Smith, Jason M. Roberts, Ryan J. The text blends an emphasis on recent developments in congressional politics with a clear discussion of the rules of the game, the history of key features of Congress, and stories from recent Congresses that bring politics to life. No other text weaves into the discussion of the important ideas of recent political science research. The book includes the most comprehensive list of suggested readings and Internet resources on Congress.
