Designing and Leading a Successful SAR Patti Britton, Robert E. Dunlap, 2017-05-25 Hopeful Suggestions for a More Sexually Positive and Healthy World Index. **Cities and Sexualities** Phil Hubbard, 2013-03-01 From the hotspots of commercial sex through to the suburbia of twitching curtains, urban life and sexualities appear inseparable. Cities are the source of our most familiar images of sexual practice and are the spaces where new understandings of sexuality take shape. In an era of global business and tourism, cities are also the hubs around which a global sex trade is organised, and where virtual sex content is obsessively produced and consumed. Detailing the relationships between sexed bodies, sexual subjectivities, and forms of intimacy, *Cities and Sexualities* explores the role of the city in shaping our sexual lives. At the same time, it describes how the actions of urban governors, city planners, the police, and judiciary combine to produce cities in which

some sexual proclivities and tastes are normalised and others excluded In so doing it maps out the diverse sexual landscapes of the city from spaces of courtship coupling and cohabitation through to sites of adult entertainment prostitution and pornography Considering both the normative geographies of heterosexuality and monogamy as well as urban geographies of radical queer sex this book provides a unique perspective on the relationship between sex and the city Cities and Sexualities offers a wide overview of the state of the art in geographies and sociologies of sexuality as well as an empirically grounded account of the forms of desire that animate the erotic city It describes the diverse sexual landscapes that characterise both the contemporary Western city as well as cities in the global South The book features a wide range of boxed case studies as well as suggestions for further reading at the end each chapter It will appeal to undergraduate students studying Geography Urban Studies Gender Studies and Sociology **Guide Mayer** Alberta Pane,2005 **Novas Got Nerve** Bl

Jones,Chad Leahy,2020-11-29 Pornographic Sensibilities stages a conversation between two fields Medieval Early Modern Hispanic Studies and Porn Studies that traditionally have had little to say to each other The collection offers innovative new approaches to the study of gendered and sexualized bodies in medieval and early modern textual production including

literary and historical documents The volume s embrace of the interpretative tools of Porn Studies also inscribes a critical provocation in what ways can contemporary modes of reading the past serve to freshly illuminate not only the contours of that same past but also the very critical assumptions of the present upon which fields like medieval and early modern Hispanic Studies are built In this way Pornographic Sensibilities encourages at once both rigorous historicizations of pre and early modern culture and playful engagement with presentism considered here as a critical tool to undress the hidden assumptions of both past and present This move substantively challenges long held critical orthodoxies among scholars of pre Enlightenment periods for whom the very category of pornography itself has often problematically been framed as an anachronism when applied to their work
