1guided Reading The Cold War Comes Home:

The Greatest Generation Comes Home Michael D. Gambone, 2005-10-18 At the conclusion of World War II Americans anxiously contemplated the return to peace. It was an uncertain time filled with concerns about demobilization, inflation, strikes, and the return of a second Great Depression. Balanced against these challenges was the hope in a future of unparalleled opportunities for a generation raised in hard times and war. One of the remarkable untold stories of postwar America is the successful assimilation of sixteen million veterans back into civilian society after 1945. The G I generation returned home filled with the same sense of fear and hope as most citizens at the time. Their transition from conflict to normalcy is one of the greatest chapters in American history. *The Greatest Generation Comes Home* combines military and social history into a comprehensive narrative of the veteran's experience after World War II. It integrates early impressions of home in 1945 with later stories of medical recovery, education, work, politics, and entertainment, as well as moving accounts of the dislocation, alienation, and discomfort many faced. The book includes the experiences of not only the millions of veterans drawn from mainstream white America but also the women, African Americans, Latinos, and Asian Americans who served the nation. Perhaps most important, the book also examines the legacy bequeathed by these veterans to later generations who served in uniform on new battlefields around the world. **Forbes**, 1991 *Literary Digest*, 1918 *The Literary Digest* Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, Arthur Stimson Draper, Wilfred John Funk, 1918

Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, 1918 *A Cold War Tourist and His Camera* Martha Langford, John Langford, 2011-01-27 Martha Langford and John Langford examine their father's apparently innocuous photographic experience, revealing the complexity of both the images and their creator. An intelligent and personal look at the ways that the historical and the private are represented and remembered. *A Cold War Tourist and His Camera* stages the family slide show as you've never seen it before. **Come Home for Christmas** James A. Harnish, 1999 This thematic Advent study features four reflections, one for each Sunday of Advent, all relating to the theme "Come Home for Christmas." Readings are personal and are applicable to life as we experience it today. Each of the four sessions includes a reference to an important passage of Scripture, a prayer, questions for study, discussion, or personal reflection, and a focus for the coming week that suggests enriching ways to deepen the Advent experience. This resource is ideal for both group and individual study. *The Vietnam War from the Rear Echelon* Timothy J. Lomperis, 2023-04-21 Timothy Lomperis knows the Vietnam War both as a soldier and as a scholar. In the latter role, he has published extensively, including *The War Everyone Lost* and *Won*, hailed as one of the best books ever written on that conflict. Even though he served two tours in-country during the war's most frustrating period, from the infamous Easter Invasion through the Paris Peace negotiations, this is the first time he has written about the war from such a personal perspective. An intelligence officer at the Military Assistance Command Vietnam

MACV Lomperis and his comrades were tasked with translating Washington war policy into action Lomperis provides a rare view of the war from the perspective of a rear echelon officer He and other so called REMFs were deeply involved in trying to devise and implement strategies that would the win the war This largely neglected perspective takes center stage in Lomperis s memoir presenting a seldom seen midlevel perspective that provides the missing links between the Washington Hanoi peace negotiations and the deadly battles between troops in the field In exposing the inner workings of a military headquarters during wartime Lomperis recounts the tensions of a command caught between the political imperatives of Washington and the deteriorating military situation on the ground Involved in the planning and execution of Nixon s 1972 Christmas Bombing Campaign designed to push the North Vietnamese into peace negotiations Lomperis sheds new light on Nixon s secret plan to end the war while offering rare glimpses of military operations and decision making on the ground in Saigon Giving color to the REMF story he also offers a portrait of life in wartime Saigon writing with genuine respect for and curiosity about Vietnamese culture And ultimately he describes his own moral conundrum as the son of missionaries and an initial Cold Warrior who undergoes a gradual disillusionment that resolves into peaceful reconciliation This incisive memoir is essential for better comprehending what the Vietnam experience was like for the large contingent of Americans who served there It suggests the need for some fundamental rethinking about Vietnam not only for the war s veterans but also for those concerned with the lessons it carries for U S involvement in current insurgencies
