Wars of Latin America, 1982-2013 René De La Pedraja, 2013-10-04 This book continuing the narrative begun by the author in two preceding volumes provides a clear description of military combat occurring in Latin America for the years from 1982 into mid 2013 Although the text concentrates on combat operations matters of politics business and international relations appear as necessary to understand the wars The author has uncovered many previously unknown sources to provide new information never published before The book traces the many insurgencies in Latin America as well as conventional wars Among the highlights are the chapters on the Falklands War and the U S invasions of Grenada and Panama One useful aspect of the text is an explanation of why of the many insurgencies appearing in Latin America only those in Cuba and Nicaragua were successful in overthrowing governments The book also helps explain why even unsuccessful insurgencies have survived for decades as has happened in Colombia and Peru Instructors considering this book for use in a course may request an examination copy here

1989 as a Political World Event Jacques Rupnik, 2013-09-24 This book is not about the events of 1989 but about 1989 as a world event Starting with the fall of the Berlin Wall and the collapse of the Soviet bloc it examines the historical significance and the world brought about by 1989 When the Cold War ended in Europe it ushered in a world in which the international agenda is set outside Europe in America or Asia The book critically examines and moves beyond some of the conveniently simple paradigms proposed in the nineties by leading political scientists such as Fukuyama and Huntington to show how the events of 1989 meant different things to different parties This was an anti utopian revolution a symbol of the possibility of non violent transitions to democracy which raised the hopes of

world wide democratic changes Contributors show how 1989 can be seen as the founding moment of a globalized world but equal attention should be given to the dispersion of its meanings and the exhaustion of some of its main trends associated with the post 1989 era Europe was reunited yet it is in crisis Twenty years on global markets have brought about a global financial crisis The fall of the Berlin Wall was celebrated as the advent of free movement in a world without borders Now however we can see that new borders walls fences have since been built With an introductory essay by Vaclav Havel 1989 as a Political World Event will be of interest to scholars of European Politics and International Relations **Automated**

Three Revolutions Simon Hall, 2025-07-01. A salve for our current reactionary times. ANDREW HARTMAN: The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever. From the streets of Petrograd during the heady autumn of 1917 to Mao's stunning victory in October 1949 and Fidel's triumphant arrival in Havana in January 1959, the history of the twentieth century was transformed in dramatic and profound ways by the Russian, Chinese and Cuban revolutions. In *Three Revolutions*, the stories of these epoch-defining events are told together for the first time. At

the heart of each revolution was an epic journey Lenin's 1917 return to Russia from exile in Switzerland Mao's Long March of 1934-35 covering some 6 000 miles across China and Fidel Castro's return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall's masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep Three Revolutions raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today
