Sundays store on TeachersPayTeachers com and on SaveTeachersSundays com Further detail on the features of the book can be found below

**Structure of each page** Each page is designed to cover a single grapheme spelling pattern and begins with a Teaching Tip which explains the spelling rule being covered on that page if there is a spelling rule Children are then presented with a list of words to learn that follow the relevant spelling rule Each word is presented with a colorful child friendly image Note a minority of pages have no images such as for High Frequency words

**Logical Teaching Sequence** Graphemes spelling patterns are introduced in a logical sequence based on a combination of factors

- 1 how difficult the spelling patterns are to learn
- 2 the need to give children at least one way of phonetically representing each sound in the English language
- 3 how often each spelling pattern occurs in the English language

Also high frequency words are covered separately from other words

**Structured Teaching Sequence** Children are only introduced to one new grapheme at a time For example the word wrong would not be used to teach the pattern ng if the spelling pattern of wr had not been taught previously

**Multisensory** Children are encouraged to say the letters aloud as they spell auditory and to join the letters kinaesthetic The online games also allow children to learn the spellings by seeing them by hearing audio of them and by typing them

Learning spellings in a multisensory way gives children the best chance of remembering them

Multisensory methods are also widely accepted as being most effective for dyslexic children

Spelling rules explained at the top of each page if there is a rule This helps children to apply the rule to other words too not just to the specific words on the page

High frequency words taught separately This ensures that children learn how to spell the most common words in English early on so that incorrect spelling of these words does not become ingrained

Pen lifts after each syllable Breaking longer words into syllables helps children to spell them

Encouraging self checking Children checking their own work for errors makes them more likely to remember these and is less damaging for their self esteem than adult correction
