The Complete Question and Answer Book for the NCLEX/CAT-RN Patricia A. Hoefler,1994

Introduction to Maternity & Pediatric Nursing - E-Book Gloria Leifer,2013-11-28 Part of the popular LPN Threads series Introduction to Maternity

Pediatric Nursing provides a solid foundation in obstetrics and pediatric nursing. An easy to follow organization by developmental stages, discussion of disorders by body system from simple to complex, and health to illness, and a focus on family health make it a complete guide to caring for maternity and pediatric patients. Written in a clear, concise style by Gloria Leifer MA RN, this edition reflects the current NCLEX test plan with additional material on safety, health promotion, nutrition, and related psychosocial care. Cultural Considerations boxes and a Cultural Assessment Data Collection Tool help in developing individualized plans of care. Updated health promotion content includes Health Promotion boxes focusing on preventive strategies for achieving prenatal wellness, health during pregnancy, postnatal health, and pediatric illness prevention and wellness, including the complete immunization schedules for all ages. Nursing Tips provide information applying to the clinical setting. Objectives are listed in each chapter opener. Key terms include phonetic pronunciations and text page references at the beginning of each chapter. Nursing Care Plans with critical thinking questions help you understand how a care plan is developed, how to evaluate care of a patient, and how to apply critical thinking skills. A companion Evolve website includes animations, videos, answers to review questions, and answer guidelines for critical thinking questions. An English/Spanish audio glossary, critical thinking case studies, and additional review questions for the NCLEX examination.

The final unit of the text includes the child with chronic health problems and the dying child. New recurring features include Web activities, pediatric triage checklists, and case studies. Connection Website connection. LWW.com go lpnresources. *Maternal & Child Health Nursing* Adele Pillitteri, 2010. Growing research shows that many children from immigrant and refugee families are not doing well in school due in part to linguistic and cultural disadvantages. Teaching dual language learners requires cultural sensitivity, an understanding of language acquisition, and intentional teaching strategies. Combining research and techniques, this resource helps early childhood educators support dual language learners as they develop the skills necessary for school readiness and success.
