The Watts Bar Steam Plant Tennessee Valley Authority, 1949 The Watts Bar Steam Plant is the first fuel burning electric power plant constructed by the TVA The first two of its four 60 000 kilowatt generating units were placed in commercial operation in February and March 1942 at a time when the products of industry and agriculture in the valley region were critical items in the war effort These units increased the continuous energy capacity of the TVA system to approximately 830 000 kilowatts and the system peak to about 1 100 000

kilowatts The further addition of Cherokee Chatuge and Nottely Dams and the down river units raised the continuous energy of the system to 960 000 kilowatts and the peak capability to about 1 300 000 kilowatts by the fall of 1942 The third Watts Bar Steam Plant unit began operation in February 1943 and the fourth in April 1945 important factors in keeping ahead of system demands *The Johnsonville Steam Plant* Tennessee Valley Authority,1959 The Johnsonville Steam Plant is the second steam electric project to be built by TVA The first Watts Bar Steam Plant was built as a part of TVA s first emergency program of the World War II period Construction of the Johnsonville Steam Plant with generating units of 125 000 kilowatt capability began in May 1949 It was the first of seven large steam electric projects constructed over a span of eight and a half years including the Korean War period This mammoth building program resulted mainly from the increased power demands of the Atomic Energy Commission and other Federal defense agencies Additional electric energy was required also by the expanding programs of private industry and the increased needs of commercial and domestic consumers in TVA s service area **The Kingston Steam Plant** Tennessee Valley Authority,1965 Kingston Steam Plant is located at the base of a peninsula formed by the Clinch and Emory River embayments of Watts Bar Lake about 2 7 miles above the confluence of the Clinch and Tennessee Rivers The plant derives its name from Kingston a small town of colorful history lying two miles to the south which employs the distinction of being the capital of the State of Tennessee for one day September 21 1807
