Leitenberg,2013-11-11 For a long time I have wanted to put together a book about sodal and evaluation anxiety Sodal evaluation anxiety seemed to be a stressful part of so many people s everyday experience It also seemed to be apart of so many of the clinical problems that I worked with Common terms that fit under this rubric include fears of rejection humiliation critidsm embarrassment ridicule failure and abandonment Examples of sodal and evaluation anxiety include shyness sodal inhibition sodal timidity public speaking anxiety feelings of self consdousness and awkwardness in sodal situations test anxiety perfor mance anxiety in sports theater dance or music shame guilt separation anx iety sodal withdrawal procrastination and fear of job interviews or job evalua tions of asking someone out of not making a good impression or of appearing stupid foolish or physically unattractive In its extreme form sodal anxiety is a behavior disorder in its own right sodal phobia This involves not only feelings of anxiety but also avoidance and withdrawal from sodal situations in which scrutiny and negative evaluation are antidpated Sodal evaluation anxiety also plays a role in other clinical disorders For example people with agoraphobia are afraid of having a panic attack in public in part because they fear making a spectacle of themselves Moreover even their dominant terrors of going crazy or having a heart attack seem to reflect a

central concern with social abandonment and isolation      **Manual of Dermatologic Therapeutics** Kenneth A. Arndt, 1989
