Cambridge Compendium of International Commercial and Investment Arbitration Stefan Kröll, Andrea K. Bjorklund, Franco Ferrari, 2023-03-02 The Compendium like an encyclopedia contains entries for most of the foundational

principles and concepts underlying arbitration Each entry takes a holistic view of international arbitration as they tackle core concepts from both a commercial and an investment arbitration perspective focusing on the fundamental issues underlying the various topics rather than on the solutions adopted in any particular jurisdiction thus making the Compendium a truly cross border transnational resource This innovative approach will allow readers to identify the commonalities as well as the differences between commercial and investment arbitration whether and where cross fertilization has taken place and what consequences it can have This approach allows the Compendium to be a tool in promoting the creation of a culture of international arbitration that considers commercial arbitration and investment arbitration as part of a whole but with certain distinct features particular to each
