Commons**

13 Lo November Paper:

Sessional Papers Ontario. Legislative Assembly, 1904 *Walter Long, Ireland, and the Union, 1905-1920* John Kendle, 1992-06-04 Chief Secretary for Ireland in the last months of the Balfour government in 1905 a Unionist leader with many friends and supporters in southern Ireland and a politician who held ministerial office in the wartime coalition governments Long had great influence in establishing attitudes toward Ireland John Kendle shows that whatever hopes Irish Unionists cherished of combatting the home rule movement depended in great part on the support of individuals such as Long Covering the fifteen years during which Long was closely caught up in Irish affairs *Walter Long Ireland and the Union 1905 1920* provides an analysis of Long s attitudes and actions and underlines his contribution to the resolution of the political and constitutional dilemma confronting the United Kingdom Kendle concludes that Long by advocating a federal solution to Anglo Irish problems was a principal architect of the partition of the United Kingdom and the post 1922 constitutional map of the British Isles **Sessional Papers - Legislature of the Province of Ontario** Ontario. Legislative Assembly, 1908 **Official Gazette of the United States Patent Office** United States. Patent Office, 1928 **Accounts and Papers of the House of Commons** Great Britain. Parliament. House of Commons, 1876 Sessional Papers Canada. Parliament, 1902 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as vol 26 no 7 supplement **Rebellion and Savagery** Geoffrey Plank, 2015-06-30 In the summer of 1745 Charles Edward Stuart the grandson of England s King James II landed on the western coast of Scotland intending to overthrow George II and restore the Stuart family to the throne He gathered thousands of supporters and the insurrection he led the Jacobite Rising of 1745 was a crisis not only for Britain but for the entire British Empire *Rebellion and Savagery* examines the 1745 rising and its aftermath on an imperial scale Charles Edward gained support from the clans of the Scottish Highlands communities that had long been derided as primitive In 1745 the Jacobite Highlanders were denigrated both as rebels and as savages and this double stigma helped provoke and legitimate the violence of the government s anti Jacobite campaigns Though the colonies stayed relatively peaceful in 1745 the rising inspired fear of a global conspiracy among Jacobites and other suspect groups including North America s purported savages The defeat of the rising transformed the leader of the army the Duke of Cumberland into a popular hero on both sides of the Atlantic With unprecedented support for the maintenance of peacetime forces Cumberland deployed new garrisons in the Scottish Highlands and also in the Mediterranean and North America In all these places his troops were engaged in similar missions demanding loyalty from all local inhabitants and advancing the cause of British civilization The recent crisis gave a sense of urgency to their efforts Confident that a free people cannot oppress the leaders of the army became Britain s most powerful and uncompromising imperialists Geoffrey Plank argues that the events of 1745 marked a turning point in the fortunes of the British Empire by creating a new political interest in favor of aggressive imperialism and also by sparking discussion of how the British should promote market based economic relations

in order to integrate indigenous peoples within their empire The spread of these new political ideas was facilitated by a large scale migration of people involved in the rising from Britain to the colonies beginning with hundreds of prisoners seized on the field of battle and continuing in subsequent years to include thousands of men women and children Some of the migrants were former Jacobites and others had stood against the insurrection The event affected all the British domains *Ice and Refrigeration* ,1912 **Industrial Refrigeration** ,1912 *Lee's Tigers* Terry L. Jones,2002-02-01 Sometimes called the wharf rats from New Orleans and the lowest scrapings of the Mississippi Lee s Tigers were the approximately twelve thousand Louisiana infantrymen who served in the Confederate Army of Northern Virginia from the time of the campaign at First Manassas to the final days of the war at Appomattox Terry L Jones offers a colorful highly readable account of this notorious group of soldiers renowned not only for their drunkenness and disorderly behavior in camp but for their bravery in battle It was this infantry that held back the initial Federal onslaught at First Manassas made possible General Stonewall Jackson s famed Valley Campaign contained the Union breakthrough at Spotsylvania s Bloody Angle and led Lee s last offensive actions at Fort Stedman and Appomattox Despite all their vices Lee s Tigers emerged from the Civil War with one of the most respected military records of any group of southern soldiers According to Jones the unsavory reputation of the Tigers was well earned for Louisiana probably had a higher percentage of criminals drunkards and deserters in its commands than any other Confederate state The author spices his narrative with well chosen anecdotes among them an account of one of the stormiest train rides in military history While on their way to Virginia the enlisted men of Coppens Battalion uncoupled their officers car from the rest of the train and proceeded to partake of their favorite beverages Upon arriving in Montgomery the battalion embarked upon a drunken spree of harassment vandalism and robbery Meanwhile having commandeered another locomotive the officers arrived and sprang from their train with drawn revolvers to put a stop to the disorder The charge of the Light Brigade one witness recalled was surpassed by these irate Creoles Lee s Tigers is the first study to utilize letters diaries and muster rolls to provide a detailed account of the origins enrollments casualties and desertion rates of these soldiers Jones supplies the first major work to focus solely on Louisiana s infantry in Lee s army throughout the course of the war Civil War buffs and scholars alike will find Lee s Tigers a valuable addition to their libraries
