

A red Ford Mustang is parked on a paved driveway in front of a house. The house has light-colored horizontal siding and a dark brown garage door. A small white shed is visible in the background to the left. The car is a four-door model with black wheels. A large black rectangular box is overlaid on the center of the image, containing white text.

Where Have All the Horses Gone? Jonathan V. Levin,2017-10-18 A century ago horses were ubiquitous in America They plowed the fields transported people and goods within and between

cities and herded livestock About a million of them were shipped overseas to serve in World War I Equine related industries employed vast numbers of stable workers farriers wainwrights harness makers and teamsters Cities were ringed with fodder producing farmland and five story stables occupied prime real estate in Manhattan Then in just a few decades the horses vanished in a wave of emerging technologies Those technologies fostered unprecedented economic growth and with it a culture of recreation and leisure that opened a new place for the horse as an athletic teammate and social companion
