Abraham

Wallick,2013-08-08 *Subtle Implications* is a defining clarification of the human experience as presented in the story of the authors life and expressed in his Theories of Everything Through his unrelenting quest to understand and come to terms with lifes wide variety of apparently random events he developed a methodology we can use to analyze and understand the madness At the very least the author offers the opportunity to gain the insight and strength needed to cope with even the worst of lifes emotionally crippling crises What are the true natures of our physical and spiritual realities How did our Universe begin Why are we here Why do bad things happen in our lives What happens when we die Do we live again Life is not that complicated Pertinent information and the proper perspective can help you see life as your own creation You alone are responsible for the present state of every facet of your life Together we are responsible for every aspect of the world that greets us every morning Together we can create a world where a comfortable life is the rule and not the exception It is all up to us

PLATE: Product Lifetimes And The Environment C.A. Bakker,R. Mugge,2017-11-14 Product lifetimes are critical for the circular economy resource efficiency waste reduction and low carbon strategies for sustainability and are therefore of interest to academics from many different disciplines as well as original equipment manufacturers OEMs and other stakeholders The challenges related to product lifetimes must be tackled from multiple perspectives making the sharing of knowledge and expertise from different disciplines particularly important This book presents papers from the second Product Lifetime and the Environment PLATE conference held in Delft the Netherlands in November 2017 The conference originated from the desire to bring together academic researchers working in the field of sustainability to benefit from each other s knowledge and further advance the field The book includes the 88 full papers delivered at the conference

grouped according to the following 7 conference themes design for product longevity product lifetime optimization cultural perspectives on the throwaway society circular economy and product lifetimes business opportunities economic implications and marketing strategies consumer influences on product lifetimes and policy regulation and legislation The book will be of interest to all those concerned with sustainable consumption circular economy and resource efficiency

The Gendered Motorcycle Esperanza Miyake,2018-06-14 What happens to gender at 120mph Are Harley Davidsons more masculine than Yamahas The Gendered Motorcycle answers such questions through a critical examination of motorcycles in film advertising and television Whilst bikers and biker cultures have been explored previously the motorcycle itself has remained largely under theorised especially in relation to gender Esperanza Miyake reveals how representations of motorcycles can produce different gendered bodies identities spaces and practices This interdisciplinary book offers new and critical ways to think about gender and motorcycles and will interest scholars and students of gender technology and visual cultures as well as motorcycle industry practitioners and motorcycle enthusiasts
