

### EOC Tests Scale Score to Grade Scale Conversion Tables

Students enrolled in a course for which there is an EOC test must take the EOC test (Bulletin 747, Section 2.7.18). The EOC test score shall count a percentage of the student's final grade for the course. The percentage must be between 15 and 30 percent inclusive, and shall be determined by the local district. The LDOHE provides conversion tables to help districts factor the EOC tests scores into final course grades.

The following table shows the relationship among EOC achievement levels, scale scores, grade scale scores based on the uniform grading scale (90-85 75-67 0), and the corresponding letter grade.
