Eliot's Poetry* Michael Bell,Scott Freer,2016-08-17 T S Eliot was arguably the most important poet of the twentieth century Nonetheless there remains much scope for reconsidering the content form and expressive nature of Eliot s religious poetry and this edited collection pays particular attention to the multivalent spiritual dimensions of his popular poems such as The Lovesong of J Alfred Prufrock The Waste Land Journey of the Magi The Hollow Men and Choruses from The Rock Eliot s sustained popularity is an intriguing cultural phenomenon given that the religious voice of Eliot s poetry is frequently antagonistic towards the unchurched or secular reader You Hypocrite lecteur This said Eliot s spiritual development was not a logical matter and his devotional poetry is rarely didactic The volume presents a rich and powerful range of essays by leading and emerging T S Eliot and literary modernist scholars considering the doctrinal religious humanist mythic and secular aspects of Eliot s poetry Anglo Catholic belief Barry Spurr the integration of doctrine and poetry Tony Sharpe the modernist mythopoeia of Four Quartets Michael Bell the felt significance of religious poetry Andy Mousley ennui as a modern evil Scott Freer Eliot s pre conversion encounter with modernist theology Joanna Rzepa Eliot s religious agrarianism Jeremy Diaper the maternal allegory of Ash Wednesday Matthew Geary and an autobiographical reading of religious conversion inspired by Eliot in a secular age Lynda

**'Is It Global War on Terrorism' or Global War over Terra Africana?** Nkwazi Nkuzi Mhango, 2017-12-06 Global War on Terrorism or Global War over Terra Africana How Imperial Powers Seek to Occupy Africa Militarily is a long onerous academic voyage of the demystification and demythologization of the Global War on Terror former US president George W Bush and former UK premier Tony Blair conceived envisaged and declared for their hidden personal and national interests It is a hidden and untold story of the other side about the GWOT which is but the GWOTA Major arguments presented gyrate around the deconstruction and overhaul of the GWOT so that it can be equally formulated and fought by all nations for the interests of all but not the interests of some as it currently is Also the book repudiates the pontification the pontifices maximus of the GWOTA have always made ex nihilo while concealing their drive s for perpetually exploiting poor countries Terrorism is a world phenomenon everybody must fight provided it is collectively agreed decided and declared for the collective good and interests of the world but not the interests of a few hegemonic countries that

usurped the power of declaring who is a terrorist and who is not Although terrorism is real the manner it is fought is a little bit knotty This tome acts as an eye opener and a wake up call for Africa to start interrogating and excavating the hidden truths about the GWOT chiefly the way it was enacted declared presented and now fought with essentialist and controversialist *modus operandi* and rationale Other major questions asked and answered are Why exporting military and military hardware guised as fighting terrorism without underscoring the terror military incursion will *inter alia* cause to Africa especially If truly the aim of the GWOT is to wage war on terror why doesn't the West want to empower African armies Why did the US appoint itself to lead the war conceived and declared without meeting the requirements of the just war or international standards Why hasn't the world learned from Iraq and Libya whose governments were toppled under the *fa ade* of the GWOT Is it the GWOT or the GWOTA
