

# Essay Length & Formatting

1

## Changing the line spacing

Using 2.2 spacing to double-space your paper will make it visually longer.

2

## Extending the margins

Changes in the right and bottom margins are the least noticeable.

3

## Increasing letter spacing

Try to make the space between letters slightly wider.

4

## Adjusting the footer

Adding a footer at the page's bottom will make it longer.

5

## Lengthening the header

Double-space your header or include more extra information.

6

## Using the right font

Characters in Arial or Cambria are visually bigger than in Times New Roman.

7

## Opting for a bigger font size

Increasing your font by just 0.1-0.5pt will yield amazing results.

8

## Changing the size of punctuation marks

Italicizing and increasing the size of periods and commas is a great way to lengthen an essay.
