

QUESTION 1 (10 marks)

You are the Manager of Electrical Engineering at an underground coal mine and as part of your daily operations review meeting you have noticed that there have been an increasing number of "Cable Damage Incidents" recently which have followed a particular theme.

- a) One incident occurred when the shuttle car wheeled around a corner heading to the tool end, and a miner cable was struck in the rib line
 - b) Another incident occurred when the slack cable between two cable anchors for a shuttle car was picked up by the passing car
 - c) Another occurred when a cable was struck by an LHD machine while panel maintenance was being carried out in the unit
- i) When you have seen the reports come through on this series of incidents, what process would you follow, and how would you ensure that these issues are being dealt with correctly? (3 marks)
- ii) What mine process needs to be in place to deal with these types of issues, explain with some detailed examples (5 marks)
