## 2march Exam Papers Kzn:

**Between Worlds** Linda Chisholm, 2017-11-30 How the story of how missionary schools adopted the Bantu education reforms gives insight into the ongoing legacy of the apartheid in the South African educational system The transition from apartheid to the post apartheid era has highlighted questions about the past and the persistence of its influence in present day South Africa This is particularly so in education where the past continues to play a decisive role in relation to inequality Between Worlds German Missionaries and the Transition from Mission to Bantu Education in South Africa scrutinises the experience of a hitherto unexplored German mission society probing the complexities and paradoxes of social change in education It raises challenging questions about the nature of mission education legacies Linda Chisholm shows that the transition from mission to Bantu Education was far from seamless Instead past and present interpenetrated one another with resistance and compliance cohabiting in a complex new social order At the same time as missionaries complied with the new Bantu Education dictates they sought to secure a role for themselves in the face of demands of local communities for secular state controlled education When the latter was implemented in a perverted form from the mid 1950s one of its tools was textbooks in local languages developed by mission societies as part of a transnational project with African participation Introduced under the guise of expunging European control Bantu Education merely served to reinforce such control The response of local communities was an attempt to domesticate and master the foreign body of the mission so as to create access to a larger world This book focuses on the ensuing struggle fought on many fronts including medium of instruction and textbook content with concomitant sub texts relating to gender roles and sexuality South Africa s educational history is to this day informed by networks of people and ideas crossing geographic and racial boundaries The colonial legacy has inevitably involved cultural mixing and hybridisation with paradoxically parallel pleas for purity Chisholm explores how these ideas found expression in colliding and coalescing worlds one African the other European caught between mission and apartheid education *Interpellations, Questions and Replies of the National Council of Provinces* South Africa. Susan Booysen,2015-10-01 As Jacob Zuma moves into the twilight years of his presidencies of both the African National Congress ANC and of South Africa this book takes stock of the Zuma led administration and its impact on the ANC **Dominance and Decline** The ANC in the Time of Zuma combines hard hitting arguments with astute analysis Susan Booysen shows how the ANC has become centred on the personage of Zuma and that its defence of his extremely flawed leadership undermines the party s capacity to govern competently and to protect its long term future Following on from her first book *The African National Congress and the Regeneration of Power* 2011 Booysen delves deeper into the four faces of power that characterise the ANC Her principal argument is that the state is failing as the president s interests increasingly supersede those of party and state Organisationally the ANC has become a hegemon riven by factions as the internal blocs battle for core positions of power and control Meanwhile the Zuma controlled ANC has witnessed the implosion of the tripartite alliance and decimation of its youth women s and veterans leagues Electorally the leading party has been ceding ground to increasingly assertive opposition parties And on the policy front it is faltering through poor implementation and a regurgitation of old ideas As Zuma s replacements start competing and succession politics take shape Booysen considers whether the ANC will recover from the damage wrought under Zuma s reign and attain its former glory Ultimately she believes that while the damage is irrevocable the electorate may still reward the ANC for transcending the Zuma years This is a must have reference book on the development of the modern ANC With rigour and incisiveness Booysen offers scholars and researchers a coherent framework for considering future patterns in the ANC and its hold on political power **The Unresolved National Question in South Africa** Edward Webster,Karin Pampallis,John Mawbey,Jeremy Cronin,2017-03-01 This volume examines the way in which various strands of left thought have addressed the National Question The re emergence of debates on the decolonisation of knowledge has revived interest in the National Question which began over a century ago and remains unresolved Tensions that were suppressed and hidden in the past are now being openly debated Despite this the goal of one united nation living prosperously under a constitutional democracy remains elusive This edited volume examines the way in which various strands of left thought have addressed the National Question especially during the apartheid years and goes on to discuss its relevance for South Africa today and in the future Instead of imposing a particular

understanding of the National Question the editors identified a number of political traditions and allowed contributors the freedom to define the question as they believed appropriate in other words to explain what they thought was the Unresolved National Question This has resulted in a rich tapestry of interweaving perceptions The volume is structured in two parts The first examines four foundational traditions Marxism Leninism the Colonialism of a Special Type thesis the Congress tradition the Trotskyist tradition and Africanism The second part explores the various shifts in the debate from the 1960s onwards and includes chapters on Afrikaner nationalism ethnic issues black consciousness feminism workerism and constitutionalism The editors hope that by revisiting the debates not popularly known among the scholarly mainstream this volume will become a catalyst for an enriched debate on our identity and our future      *Questions and Replies of the National Assembly* South Africa.
