Seasons of Time Catherine Weaver,2019-02-25 Let s lay down religion Let s lay down traditions Let s start getting it right Your walk with God is the most important area of your life This journey should never be taken for granted Each day brings about new challenges new experiences and new mountains to climb and conquer The decisions you make today become the cornerstone of the circumstances you face tomorrow Each and every day we are working out our salvation as part of God s perfect redemptive plan Being molded and shaped by the Master can sometimes make us feel overwhelmed or discouraged it is then we need a helping hand of encouragement or better understanding of the scriptures to apply it to our lives It is by this method that we learn and grow into God s purpose and are better equipped to run the race into our destiny not only in this life but most importantly in our life to come God loves us so much but have you ever studied or tapped into the attributes and promises that he has for us *Seasons of Time* starts with a Love Letter from God so you have a better understanding of just who the Master is and what he has to offer you To draw closer to God you must understand the redemptive plan that he created If you don t have a clear understanding of what is in the Old Testament and how it leads to the New Testament you will never be able to totally appreciate the New Testament for what it really is So just where do we start It is always best to start at the beginning with what it takes to become closer to God We all know that we must confess our sins and accept Jesus into our hearts so why not start with the season of repentance in the Old Testament and allow the laws given by God to Moses to become alive in our spirits By doing this we create a solid foundation in which we can grow and mature Once the groundwork is set *Seasons of Time* takes you through different areas of your life so you can discover the profound truth in the Word of God What is your responsibility as a man or as a woman How do you build character What is discipline and discipleship all about Do you really recognize the traps set by the enemy Sexual morality is a subject that each and every individual has pondered in their mind and has sometimes struggled with in their life but you don t hear that preached from the pulpit Can you possibly have a demon What kind of church is Jesus Christ coming back for How can we become that kind of church and are we really close to the end In today s society the children of God are often tossed to and fro Society is changing each and every day and our culture has adopted a motto If it looks good feels good just do it And in most cases this is not correct in God s eyes Because of this *Seasons of Time* is written in a simple manner outlining scriptures to encourage you to study and become all you can be for the kingdom of God Whether you are a seeker a new believer or a seasoned saint let God use these pages to place your feet firmly on the right path and bring to light his Word in your life Grandmother Power Paola Gianturco,2012-09-18 Whether fighting for the environment human rights education health or cultural

The Power and Grace Between Nasty Or Nice John Friel, Ph.D.,2012-05 In this illuminating book the Friels explain that power without graciousness results in bullying and nastiness Graciousness without power results in being a doormat However power tempered with graciousness elevates us beyond our purely animalistic selves it produces competence gratitude humility and effectiveness attributes that are sorely lacking in today s world where entitlement narcissism and incivility reign supreme By learning how to find and balance this power zone between victim and perpetrator anyone can stop dysfunctional patterns of behavior and ignite positive change In fact the Friels show how even one very small change held firmly for six to twelve months can cause more system wide change than anything else you can do Over the past twenty seven years their Clearlife Clinic Program has helped more than 6 000 people identify and change ingrained patterns of behavior beliefs and feelings Publisher description
