J. Konczyk,2008-11-24 The current world confusion and condition of human affairs is a natural phase within an evolutionary process that will ultimately lead to the unification of the human race into a single social order This process has passed through stages we should consider as being analogous to those of infancy and childhood and is now in the culminating period of adolescence approaching its long awaited coming of age an age of universal peace and justice This has been the promise given throughout all the major faiths of the world The social fabric of the world is out of balance and through Divine intervention nations will form together in a collective consciousness recognizing the need for a revolutionary shift of spirit to undertake those measures creating lasting harmony and peace Dr M Scott Peck speaks of world views as being religious To move away from war we must distinguish between true religions and false religions true prophets and false prophets and that truth in religion is characterized by inclusivity while falsity in religion can be detected by its one sidedness and failure to integrate the whole History clearly shows that

some form of a universal legislative body is not only essential but also inevitable Such a system is not conceived from the mind of mortal man rather it is a Divine System that was set in motion over 6000 years ago The purpose in writing Melchizedek the Temple is to show the story of this evolutionary process a journey through time culminating with the promise of an earthly kingdom an all inclusive world government free from tyranny hate prejudice and war Melchizedek the Temple offers a practical and compelling alternative to antiquated ideas that in reality prevent humankind from achieving what it longs for universal peace and justice It is a message of warning and of promise *Star of the West* ,1923 *Religion and World Civilizations* Andrew Holt,2023-06-30 An indispensable resource for readers investigating how religion has influenced societies and cultures this three volume encyclopedia assesses and synthesizes the many ways in which religious faith has shaped societies from the ancient world to today Each volume of the set focuses on a different era of world history ranging through the ancient medieval and modern worlds Every volume is filled with essays that focus on religious themes from different geographical regions For example volume one includes essays considering religion in ancient Rome while volume three features essays focused on religion in modern Africa This accessible layout makes it easy for readers to learn more about the ways that religion and society have intersected over the centuries as well as specific religious trends events and milestones in a particular era and place in world history Taken as a whole this ambitious and wide ranging work gathers more than 500 essays from more than 150 scholars who share their expertise and knowledge about religious faiths tenets people places and events that have influenced the development of civilization over the course of recorded human history

Modernity and the Millennium Juan Ricardo Cole,1998 Includes bibliographical references and index *British Books in Print* ,1985 **British Paperbacks in Print** ,1984 **Paperbacks in Print** ,1980 *Bookseller and the Stationery Trades' Journal* ,1980 *Encyclopedia of Global Religion* Mark Juergensmeyer,Wade Clark Roof,2012 Presents entries A to L of a two volume encyclopedia discussing religion around the globe including biographies concepts and theories places social issues movements texts and traditions **Books in Print** ,1977 *Books in Print Supplement* ,2002 **In the Direction of His Dreams** Lowry Nelson,1985 **World Scriptures** Kenneth Kramer,1986 World Scripture is a guidebook to the primary source materials of the classical living religions of the world It is a guidebook which innovatively blends critical and interpretative tools with sacred symbols and stories of Ultimacy
