**The Alice B. Toklas Cookbook** Alice B. Toklas, 1954      **"Recipes like floating islands"** Chloe Alice Chappe, 2016 My project is an exploration of various dimensions of The Alice B Toklas Cook Book The cook book is a cook book but it is also a collection and an autobiography The recipes in the book originated in Alice's physical recipe collection box which began when she was a child and continued throughout her life The autobiographical narrative develops out of the memories that were created around each recipe Because of the compilation of memories that are attached to each of the recipes in the collection Alice writes her life story through her recipes Each recipe represents a person place and specific time in her life As she uncovers and reads her recipes her memories are catalyzed and thus her life writing act proceeds as well Julia Child MFK Fisher Brillat Savarin and Proust are a few food minded writers who help shed light on both the cook book function and memoir aspect of The ABT Cook Book in my paper All of the stories in the book come out of the recipes but memory is the driving force that arises out of those recipes The recipes appear as one critic said 2like floating islands 3 which is to say seemingly haphazard But the haphazardness of the recipes is a manifestation of the way Alice remembers her life the recipes lead her narrative

**Recipes for Respect** Rafia Zafar, 2019-03-15 Food studies once trendy has settled into the public arena. In the academy, scholarship on food and literary culture constitutes a growing river within literary and cultural studies, but writing on African American food and dining remains a tributary. *Recipes for Respect* bridges this gap, illuminating the role of foodways in African American culture as well as the contributions of Black cooks and chefs to what has been considered the mainstream. Beginning in the early nineteenth century and continuing nearly to the present day, African Americans have often been stereotyped as illiterate kitchen geniuses. Rafia Zafar addresses this error, highlighting the long history of accomplished African Americans within our culinary traditions as well as the literary and entrepreneurial strategies for civil rights and respectability woven into the written records of dining, cooking, and serving. Whether revealed in cookbooks or fiction, memoirs or hotel-keeping manuals, agricultural extension bulletins or library collections, foodways knowledge sustained Black strategies for self-reliance and dignity, the preservation of historical memory and civil rights, and social mobility. If to follow Mary Douglas's dictum, food is a field of action that is a venue for social intimacy, exchange, or aggression, African American writing about foodways constitutes an underappreciated critique of the racialized social and intellectual spaces of the United States.
