Science Fiction TV J. P. Telotte, 2014-03-26 The first in the Routledge Television Guidebooks series Science Fiction TV offers an introduction to the versatile and evolving genre of science fiction television combining historical overview with textual readings to analyze its development and ever increasing popularity J P Telotte

discusses science fiction's cultural progressiveness and the breadth of its technological and narrative possibilities exploring SFTV from its roots in the pulp magazines and radio serials of the 1930s all the way up to the present. From formative series like Captain Video to contemporary cutting edge shows like Firefly and long lived popular revivals such as Doctor Who and Star Trek, Telotte insightfully tracks the history and growth of this crucial genre along with its dedicated fandom and special venues such as the Syfy Channel. In addition, each chapter features an in depth exploration of a range of key historical and contemporary series including Captain Video and His Video Rangers, The Twilight Zone, Battlestar Galactica, Farscape, Fringe. Incorporating a comprehensive videography, discussion questions, and a detailed bibliography for additional reading, J. P. Telotte has created a concise yet thought provoking guide to SFTV, a book that will appeal not only to dedicated science fiction fans but to students of popular culture and media as well.

Making Contact Alan Steinfeld, 2021-05-04 I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity has ever faced. George Noory, host of Coast to Coast AM. We cannot separate the earth from its greater cosmic environment. What is needed is a new story, and Alan Steinfeld's *Making Contact* is part of that story. Deepak Chopra, Author, *Total Meditation*. How can we prepare for an event that is literally beyond anything humanity has ever faced? *Making Contact* presents multiple perspectives on what no longer can be denied: UFOs and their occupants are visiting our world. The book answers questions which remain in the wake of the recent Pentagon's disclosures as to who and why these beings are here. The volume contains original writings by the leading experts of the phenomena, such as Linda Moulton Howe, Earthfiles reporter; Whitley Strieber, best selling author of *Communion*; Professor John E. Mack, former head of the Harvard Medical School of psychiatry and an alien abduction investigator; Darryl Anka, internationally known for his communication with the extraterrestrial Bashar; Nick Pope, former UK Ministry of Defense UFO investigator; Grant Cameron, expert on American presidents and UFOs; Drs. J. J. and Desiree Hurtak, globalists and founders of the worldwide organization The Academy for Future Science; Caroline Cory, director of Superhuman and ET Contact; Mary Rodwell, author of *The New Human*, about star seed children; Henrietta Weekes, actress and writer, expressing the poetic aspects of making contact. Alan Steinfeld contributes and curates the collection with 30 years of experience with the subject. The Foreword by George Noory of Coast to Coast AM kicks off the volume with his veteran overview of the need to wake up to the new realities of extraterrestrial existence. At this critical juncture in the government's official acknowledgement of the reality of UFOs, UAPs, scientists, politicians, and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and contact experiences currently being reported on a global scale. The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena. The variety of viewpoints expressed in the volume provide a solid foundation for the preparation of the greatest challenge to ever face humankind. *Making Contact* stands as the essential handbook for embracing the most exalted moment in history: Meeting the cosmic others.
