Rita Louise PhD author of ET Chronicles What Myth and Legend Say about Human Origin While a seemingly unexplained event in Roswell New Mexico in 1947 exposed the American people to the phenomenon of unidentified flying objects or UFOs these mysterious sightings have a history that reaches far back into our collective past Ancient megalithic structures biblical stories and even prehistoric art and cave paintings point to the existence of nonterrestrial life and with advanced technology new recordings and the Internet more evidence points to their continued presence today Why then do we the public know so little Why has the media ignored credible reports from eyewitnesses and ufologists And why have world governments suppressed these facts from their citizens The UFO enigma is an extremely complex jigsaw puzzle comprised of many pieces However they t together in a way that presents a cohesive theory when you connect all the dots
