The world was quietly going about its normal business when late in 2019 the entire global world of 195 countries even China was turned completely on its head by a fake virus and a fake pandemic. However the world was not to know at the time and for the most part still does not know until the publication of this book that the entire chapter and verse of the virus paradigm called SarsCov2 and its ensuing ailment Covid19 and its pandemic were all total lies and fake lies and fake propagated by hidden persons and their nominated puppets in mostly unelected globalist organisations beyond the reach of sovereign states WHO WEF UN World Bank etc who in reality control the world. Consequently in early 2020 and the following months through to 2021 there was a world wide nightmare that no one seemed to fully understand or indeed understand at all. This nightmare was known variously as Coronavirus Sars Cov2 and Covid19. Coronaviruses can cause mild disease similar to a common cold. Sars Cov2 severe acute respiratory syndrome coronavirus 2 was claimed to be a novel new coronavirus and the illness Covid19 was supposedly caused by Sars Cov2. Mass Induced Dystopian Nightmare. The dystopian nightmare had only just begun and was to last almost two full years 2020 2022. Horrible images appeared from China not the most democratic country in the world then from Italy and other countries until world wide Preposterous projections of not to happen global deaths based on very flawed computer models were bandied about to an unknowing mass of a very frightened and unfortunately deliberately ill informed global population. Global mass media fanned the flames morning day and night for many months on end. Inappropriate quarantine measures were globally in lockstep imposed that restricted human movement to an inhuman level that people were not permitted to see their loved ones when their loved ones were dying in hospitals and care homes. The world was a surreal dystopian horror story. Police vans patrolling the street at night complete lockdown and no one allowed outside except for one hours walk per day. No gatherings greater than six. Empty streets closed and boarded shops empty parks and empty beaches. Draconian civil rights restrictions were imposed. The Global economic and social life the world over were about to fall into total collapse. On what data were these extreme measures taken? Was the world really under such a massive threat that we had to close down global capitalism for 2 years? Had the benefits of these very severe measures been adequately assessed against the damage that they would also no doubt cause to the global economy and to individual person's lives throughout the world? No they had not. They were simply imposed globally without recourse to any open debate or serious risk analysis. Medico Totalitarianism strode the world like a Great Dictator with all debate and opposition silenced by the baying mob of puppet Mainstream Media. Until the publication of this book COVID COMPENSATION SHOCKING TRUTH REVEALED by the finest independent scientific medical and legal minds in the world.
