

3.1**MEASUREMENTS AND THEIR
UNCERTAINTY****Section Review****Objectives**

- Convert measurements to scientific notation
- Distinguish among the accuracy, precision, and error of a measurement
- Identify the number of significant figures in a measurement and in the result of a calculation

Vocabulary

- | | | |
|-----------------------|----------------------|-----------------------|
| • measurement | • precision | • error |
| • scientific notation | • accepted value | • percent error |
| • accuracy | • experimental value | • significant figures |

Key Equations

- Error = experimental value - accepted value
- Percent error = $\frac{|\text{error}|}{\text{accepted value}} \times 100\%$

Part A Completion

Use this completion exercise to check your understanding of the concepts and terms that are introduced in this section. Each blank can be completed with a term, short phrase, or number.

- The 1 of a measurement describes how close the measurement comes to the true value. The 2 of a measurement depends on its reproducibility. An 3 is a value measured in the lab. 4 is calculated by subtracting the 5 from an experimental value. Percent error is calculated by dividing the 6 of the error by the accepted value and then multiplying by 7.
- Large and small numbers are more easily handled when expressed in 8. Significant figures in a measurement include all of the digits that are 9 plus a last digit that is 10.

Mueller,Lauren Kelly,1991 This third edition has been updated to reflect current accounting standards It uses a decision making approach as the foundation for explaining the need for and the role of accounting information in a modern economy It also aims to teach students how to become good accounting technicians and to help them to understand why the double entry paradigm is used and what the resulting financial statements mean This edition has been condensed from 18 to 14 chapters and it has adopted a modular approach to topic presentation The financial analysis chapter is based on an actual corporate annual report from Caterpillar The book keeping examples are carried through from chapters 3 to 6 There is a summary of highlights at the end of each chapter Corporate Strategy (Remastered) II Paul Hunter,2020-07-14 Since the onset of the Fourth Industrial Revolution numerous corporations have found that traditional strategic planning is ineffectual in responding to or capitalising on unforeseen or unexpected change In recognition of this and associated symptoms of inertia bankruptcy or worse this fieldbook was written for the purpose of guiding strategy practitioners through their intended or unintended journey into the future by providing meaningful strategy practices that enable responses to disruption and more importantly better strategy practices overall With a focus on strategy practice doing strategy this book represents a how to of Third Wave Strategy as defined in detail in the introductory book Corporate Strategy Remastered I In addition to a description of methods that contribute to the philosophy of Third Wave Strategy readers will witness the experiences of a virtual illustrative company that is travelling the same journey of organisational transformation and renewal that the methodologies described in this book also seek to address The overall value of the book therefore is its ability to relate theory to practice in a factual and experiential format A key part of the use of the virtual case study based on the illustrative Third Wave Industries T w I Corporation is the blending of the system and process mechanisms that are a part of Third Wave Strategy and its framework the strategy tools and techniques that are drawn from new and existing strategy practice and the soft issues that are represented by the human responses to change as well as the management of change enacted in a corporate environment **Make HOW Matter** Julie Williamson,2025-05-06 Stop wasting time and money coming up short on your goals Get aligned and get them done Don t fall into the Failure Gap where ambitious strategies come up short because leaders know

what to do and why but they haven't figured out HOW to do it together. Knowing your WHY and your WHAT is insufficient to drive growth and transformation in your organization. In *Make HOW Matter*, Julie Williamson PhD introduces the Karrikins Diamond Triangle™, a proven framework to close this gap and solve for the challenges caused by misaligned leadership teams. As the CEO of Karrikins Group, Julie has developed an approach that combines the what, strategies and priorities, the why, purpose and the critical, often overlooked how: new leader behaviors and decisions that create new outcomes for businesses. She shares a rich collection of tools and resources to drive the conversations that define your HOW and align your teams to achieve your most ambitious goals together. Combining her background in enterprise consulting, coaching and behavioral science, Julie shares examples of the methods her teams at Karrikins Group use to craft alignment. Dive in to get aligned, accelerate transformation and spark success.
