Why Do We Go to the Zoo? Erik A. Garrett, 2013-12-05 Despite hundreds of millions of visitors each year zoos have remained outside of the realm of philosophical analysis This lack of theoretical examination is interesting considering the paradoxical position within which a zoo is situated being a space of animal confinement as well as a site that provides valuable tools for species conservation public education and entertainment Why Do We Go to the Zoo argues that the zoo is a legitimate space of academic inquiry The modes of communication taking place at the zoo that keep drawing us back time and time again beg for a careful investigation In this book the meaning of the zoo as communicative space is explored This book relies on the phenomenological method from Edmund Husserl and a rhetorical approach to examine the interaction between people and animals in the zoo space Phenomenology the philosophy of examining the engaged everyday lived experience is a natural method to use in the project Despite its rich history and tradition it is interesting that there are very few books explaining how to do phenomenology Why Do We Go to the Zoo provides a detailed account of how to actually conduct a phenomenological analysis The author spent thousands of hours in zoos watching people and animals interact as well as talking with people both formally and informally This book asks readers to bracket their preconceptions of what goes on in the zoo and instead to explore the meaning of powerful zoo experiences while reminding us of the troubled history of zoos

The Teachers of Spiritual Wisdom Duncan S. Ferguson, Jamal Rahman, Mary Petrina Boyd, 2021-05-03 We call attention to the harsh reality that we are living in troubled times We are especially conscious of climate change and COVID 19 We underline that these challenges impact all people In light of this reality we use ten primary questions that all human beings ask consciously or unconsciously and then amplify each of the ten primary questions with nine additional sub questions We then draw upon one of the great teachers of spiritual wisdom Buddha Moses Jesus Muhammad etc with a brief quote and then write a short wisdom response to the question By wisdom we mean a body of accumulated reflection about the character and meaning of life Spiritual wisdom suggests an outlook or attitude that enables us to cope a deeper way of knowing and learning the art of living in rhythm with the soul We use the life experience of three authors coming from different religious and cultural outlooks *The God Relationship* Paul K. Moser, 2017-04-07 In this book Paul K Moser proposes a new approach to inquiry about God including a new discipline of the ethics for inquiry about God It is an ethics for human attitudes and relationships as well as actions in inquiry and it includes human responsibility for seeking evidence that involves a moral priority for humans Such ethics includes an ongoing test a trial for human receptivity to goodness including morally good relationships as a priority in human inquiry and life Moser also defends an approach to the evidence for God that makes sense of the elusiveness and occasional absence of God in human experience His book will be of interest to those interested in inquiry about God with special relevance to scholars and advanced students in religious studies philosophy theology and biblical studies *Something Rich and Strange*: Susan Davis Ph.D., 2011-11-22 *Something Rich and Strange* breathes fresh air into a tired list of psychological how to and theological you should books In this inspiring work psychologist Susan Davis guides us through a process of self discovery and personal growth toward new freedom deeper love and more joyous living Using the biblical stories of the Exodus and of Jesus death and resurrection ideas from modern psychology and the words of writers poets and ordinary people she shows that the path of the transformative journey is well traveled and available to us today She includes a foreword by Eugene Peterson author of *The Message* and chapter by chapter questions for group discussion or personal reflection This book is an invaluable map for those who are on the journey of psychological healing and spiritual formation and for those who guide them The most distinctive thing about Dr Daviss account of her work is that in weaving this tapestry using the threads of story and poetry and psychology she does her work on a loom constructed from the parallel stories of the exodus of the Hebrews and the death and resurrection of Jesus Reading *Something Rich and Strange* puts us in the unhurried and gentle company of a friend Eugene Peterson author and professor emeritus of spiritual theology Regent College British Columbia I have recognized how great an impact reading this book has
