Something 20 Everything Quarter Life Balance Direction:

20-Something, 20-Everything Christine Hassler, 2010-09-24 The midtwenties through the midthirties can be a time of difficult transition the security blankets of college and parents are gone and it's suddenly time to make far reaching decisions about career investments and adult identity When author Christine Hassler experienced what she calls the twenties triangle she found that she was not alone In fact an entire generation of young women is questioning their choices unsure if what they've been striving for is what they really want They're eager to set a new course for their lives even if that means giving up what they have Hassler herself left a fast moving career that wasn't right for her and instead took the risk of starting her own business Now based on her own experience and interviews with hundreds of women she shares heartfelt stories on issues from career to parents to boyfriends to babies Yet she also provides practical exercises to enable today's woman to chart a new direction for her life

Finding Life Balance & Direction Leadership Institute Women with Purpose, 2008-06-01 This is a guided journaling experience for women of all ages seeking balance and direction in their lives

Getting Over Ourselves Christina Congleton, 2025-04-29 Move beyond empty life hacks to connect with your deepest humanity In *Getting Over Ourselves Moving Beyond a Culture of Burnout Loneliness and Narcissism* human development specialist and leadership coach Christina Congleton delivers an insightful and urgently needed discussion of how people can break out of the tired clichés of the self-help genre and move toward new levels of connection engagement and capacity in navigating an uncertain world In the book you'll explore how modern attitudes of individualism that were once freeing now converge with environmental destruction inequality and an alarming uptick in depression substance abuse and suicide to significantly damage the potential of people everywhere You'll also find concrete strategies rooted in developmental psychology that show us new ways to approach these challenging times *Getting Over Ourselves* offers Insights into why life hacks productivity seminars and more adulting are not the solutions to the issues faced by people today Frameworks that reject the idea that there is a separate solitary self in need of constant improvement and connect you with your deepest humanity Effective techniques for fending off burnout and ways to move beyond the unsatisfactory status quo An essential and timely work *Getting Over Ourselves* is the antidote to the skin-deep ineffective self-help material that you've been looking for

No Longer Invisible Douglas Jacobsen, Rhonda Hustedt Jacobsen, 2012-09-27 Winner of a 2013 American Educational Studies Association Critics Choice Award Drawing on conversations with hundreds of professors co-curricular educators administrators and students from institutions spanning the entire spectrum of American colleges and universities the Jacobsens illustrate how religion is constructively intertwined with the work of higher education in the twenty-first century *No Longer Invisible* documents how after decades when religion was marginalized colleges and universities are re

engaging matters of faith an educational development that is both positive and necessary Religion in contemporary American life is now incredibly complex with religious pluralism on the rise and the categories of religious and secular often blending together in a dizzying array of lifestyles and beliefs Using the categories of historic religion public religion and personal religion No Longer Invisible offers a new framework for understanding this emerging religious terrain a framework that can help colleges and universities and the students who attend them interact with religion more effectively The stakes are high Faced with escalating pressures to focus solely on job training American higher education may find that paying more careful and nuanced attention to religion is a prerequisite for preserving American higher education s longstanding commitment to personal social and civic learning

Emerging and Young Adulthood Varda Konstam, 2014-10-07 The most distinctive feature of the Second Edition is its theoretical orientation coupled with a focus on understanding emerging and young adulthood from multiple perspectives The updated and expanded book offers readers an opportunity to listen to the voices of emerging and young adults parents and employers which is key to understanding this particular developmental period In addition the case studies provided throughout the book are diverse and detailed The issues of emerging adulthood are complicated nuanced and defy easy characterizations This book provides an opportunity to debunk many established pernicious stereotypes about emerging and young adults The presentation of diverse voices and case material serves as a springboard for discussion and engages readers with material depicting emerging adults in the throes of working through developmental challenges characteristic of this period In addition the recent economic downturn has created havoc and further instability in the lives of emerging and young adults The Second Edition focuses on the effects of as well as possible solutions to unemployment on emerging and young adults A new chapter focuses on career experimentation versus career floundering which is an important distinction Additional new chapters address the effects of technology as well as depression and anxiety on emerging and young adults The Second Edition examines emerging and young adulthood within a larger developmental and ecological context In addition it ensures that readers are well positioned to understand how the developmental demands of this period intersect with current economic social and political realities It is a must have resource for developmental clinical child and school psychologists rehabilitation counselors and therapists I O psychologists and sociologists as well as for researchers and graduate level students across these various disciplines
