

WRITING A CONCLUSION

create an ending that wraps up your reasons, restates your opinion, & connects to the bigger picture

WRAP IT UP!

- reminding the reader what your REASONS are
- ways to start your conclusion
 - in conclusion, - all in all
 - to wrap it up - always
 - in summary - finally
 - as you can see - clearly
 - this is why - this is how
 - definitely - the main thing to remember is...

RESTATE YOUR OPINION!

- reminding the reader what your MAIN IDEA/ TOPIC is

In conclusion, we should definitely have two recesses a day. Having two has many benefits! Kids get more exercise and fresh air. Also, they can focus better in class. I challenge you to put yourselves in our shoes!

example!

MIG DROP MOMENT

- Think → Why does this matter? MAKE A POWERFUL STATEMENT
- make the reader FEEL something
- connect it to your overall lesson/theme

Think about this...

I challenge...

Next time, think about...

Do you want...?

This needs your help!...

Scaffolding Young Writers Linda J. Dorn, Carla Soffos, 2001 The goal of teaching writing is to create independent and self motivated writers When students write more often they become better at writing They acquire habits skills and strategies that enable them to learn more about the craft of writing Yet they require the guidance and support of a more knowledgeable person who understands the writing process the changes over time in writing development and specific techniques and procedures for teaching writing In *Scaffolding Young Writers A Writers Workshop Approach* Linda J Dorn and Carla Soffos present a clear road map for implementing writers workshop in the primary grades Adopting an apprenticeship approach the authors show how explicit teaching good models clear demonstrations established routines assisted teaching followed by independent practice and self regulated learning are all fundamental in establishing a successful writers workshop There is a detailed chapter on organizing for writers workshop including materials components routines and procedures Other chapters provide explicit guidelines for designing productive mini lessons and student conferences *Scaffolding Young Writers* also features An overview of how children become writers Analyses of students samples according to informal and formal writing assessments Writing checklists benchmark behaviors and rubrics based on national standards Examples of teaching interactions during mini lessons and writing conferences Illustrations of completed forms and checklists with detailed descriptions and blank reproducible forms in the appendix for classroom use Instruction is linked with assessment throughout the book so that all teaching interactions are grounded in what children already know and what they need to know as they develop into independent writers

The Writing Revolution Judith C. Hochman, Natalie Wexler, 2017-07-27 Why you need a writing revolution in your classroom and how to lead it *The Writing Revolution* TWR provides a clear method of instruction that you can use no matter what subject or grade level you teach The model also known as The Hochman Method has demonstrated over and over that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback Insurmountable as the challenges faced by many students may seem *The Writing Revolution* can make a dramatic difference And the method does more than improve writing skills It also helps Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities *The Writing Revolution* is as much a method of teaching content as it is a method of teaching writing There s no separate writing block and no separate writing curriculum Instead teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction But perhaps what s most revolutionary about the TWR method is that it takes the mystery out of learning to write well It breaks the writing process down into manageable chunks and then has students practice the chunks they need repeatedly while also learning content
