

CAMBRIDGE INTERNATIONAL EXAMINATIONS
International General Certificate of Secondary Education

MARK SCHEME for the May/June 2013 series

0460 GEOGRAPHY

0460/22

Paper 2, maximum raw mark 60

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

May June 2013 Marking Scheme

Mark McLaughlin

May June 2013 Marking Scheme:

Law of Electronic Commercial Transactions Faye Fangfei Wang,2014-01-10 The development of new technologies places new challenges to the interpretation and implementation of legislation in the information society The recent deployment of service oriented computing and cloud computing for online commercial activities has urged countries to amend existing legislation and launch new regulations With the exponential growth of international electronic commercial transactions a consistent global standard of regulating the legal effects of electronic communications the protection of data privacy security and the effectiveness of Internet related dispute resolution are motivating factors to build users trust and confidence in conducting cross border business and their sharing information online The second edition of this book continues taking a solutions to obstacles approach and analyses the main legal obstacles to the establishment of trust and confidence in undertaking business online In comparing the legislative frameworks of e commerce in the EU US China and International Organisations the book sets out solutions to modernise and harmonise laws at the national regional and international levels in response to current technological developments It specifically provides information on the key legal challenges caused by the increasing popularity of service oriented computing and cloud computing as well as the growing number of cross border transactions and its relation to data privacy protection Internet jurisdiction choice of law and online dispute resolution It considers how greater legal certainty can be achieved in cloud computing service contracts and other agreements resulted in service oriented computing The second edition of Law of Electronic Commercial Transactions is a clear and up to date account of a fast moving area of study It will be of great value to legislators politicians practitioners scholars businesses individuals postgraduate and undergraduate students It provides in depth research into finding solutions to remove eight generic legal obstacles in electronic commercial transactions and offers insights into policy making law reforms regulatory developments and self protection awareness

The Financial Crisis and White Collar Crime Nicholas Ryder,2014-05-30 This timely book will be of great use to both teachers and students of financial crime relevant modules It will also appeal to policy makers in government departments law enforcement agencies and financial regulatory agencies as well as profession

A STUDY OF WOMEN WORKERS IN ERI SILK HANDLOOM INDUSTRY IN RI-BHOI DISTRICT OF MEGHALAYA DONNA RICA DIENGDOH, **Tax**

Planning 2013/14 Mark McLaughlin, 2013-08-20 New planning strategies and tax saving opportunities Tax Planning 2013 14 covers the many situations and tax planning opportunities that practitioners encounter everyday when dealing with their clients tax affairs Written by some of the UK s leading tax specialists and experienced authors this book clearly and concisely explains key tax planning ideas and concepts and is fully updated to the latest Finance Act This book is full of easily implementable technical suggestions and advice It outlines the planning opportunities and potential pitfalls concerning specific transactions and circumstances and demonstrates how to successfully organise and structure the finances of individuals trusts and unincorporated businesses and companies Practical and user friendly it contains worked examples throughout and the short paragraphs and bullet point style will help you to locate the information you need quickly and efficiently Contributors include tax experts Jennifer Adams John Baldry David Brookes Rebecca Cave George Duncan Toby Harris Robert Maas Partha Ray and Alec Ure This tax planning title concentrates on key areas of tax planning which are of greater relevance to the tax practitioner on a day to day basis Previous ISBN 9781847669704 Encyclopedia of Transportation Mark Garrett, 2014-08-13 Viewing transportation through the lens of current social economic and policy aspects this four volume reference work explores the topic of transportation across multiple disciplines within the social sciences and related areas including geography public policy business and economics The book s articles all written by experts in the field seek to answer such questions as What has been the legacy not just economically but politically and socially as well of President Eisenhower s modern interstate highway system in America With that system and the infrastructure that supports it now in a state of decline and decay what s the best path for the future at a time of enormous fiscal constraints Should California politicians plunge ahead with plans for a high speed rail that every expert says despite the allure will go largely unused and will never pay back the massive investment while at this very moment potholes go unfilled all across the state What path is best for emerging countries to keep pace with dramatic economic growth for their part What are the social and financial costs of gridlock in our cities Features Approximately 675 signed articles authored by prominent scholars are arranged in A to Z fashion and conclude with Further Readings and cross references A Chronology helps readers put individual events into historical context a Reader s Guide organizes entries by broad topical or thematic areas a detailed index helps users quickly locate entries of most immediate interest and a Resource Guide provides a list of journals books and associations and their websites While articles were written to avoid jargon as much as possible a Glossary provides quick definitions of technical terms To ensure full well rounded coverage of the field the General Editor with expertise in urban planning public policy and the environment worked alongside a Consulting Editor with a background in Civil Engineering The index Reader s Guide and cross references combine for thorough search and browse capabilities in the electronic edition Available in both print and electronic formats Encyclopedia of Transportation is an ideal reference for libraries and those who want to explore the issues that surround transportation in the United States and around the world

Carbon Pricing John Quiggin, David Adamson, Daniel Quiggin, 2014-04-25 In 2012 Australia took the major step of introducing a carbon price involving the creation of a system of emissions permits initially issued at a fixed price *Carbon Pricing* brings together experts instrumental in the development and operation of A *Free Speech after 9/11* Katharine Gelber, 2016-04-14 Although there has been a lot written about how counter terrorism laws impact on human rights and civil liberties most of this work has focussed on the most obvious or egregious kinds of human rights abrogation such as extended detention torture and extraordinary rendition Far less has been written about the complex ways in which Western governments have placed new and far reaching limitations on freedom of speech in this context since 9 11 This book compares three liberal democracies the United States the United Kingdom and Australia in particular showing the commonalities and similarities in what has occurred in each country and the changes in the appropriate parameters of freedom of speech in the counter terrorism context since 9 11 achieved both in policy change and the justification for that change In all three countries much speech has been criminalized in ways that were considered anachronistic or inappropriate in comparable policy areas prior to 9 11 This is particularly interesting because other works have suggested that the United States unique protection of freedom of speech in the First Amendment has prevented speech being limited in that country in ways that have been pursued in others This book shows that this kind of argument misses the detail of the policy change that has occurred and privileges a textual reading over a more comprehensive policy based understanding of the changes that have occurred The author argues that we are now living a new normal for freedom of speech within which restrictions on speech that once would have been considered aberrant overreaching and impermissible are now considered ordinary necessary and justified as long as they occur in the counter terrorism context This change is persistent and it has far reaching implications for the future of this foundational freedom **The Experiences of Black and Minority Ethnic**

Academics Kalwant Bhopal, 2015-06-26 Recent research suggests that Black and minority ethnic BME academics remain underrepresented particularly at senior levels in higher education and tend to be concentrated in new post 1992 universities This book provides an original comparative study of BME academics in both the UK and the USA two different yet similar cultural and political climates considering issues of inequality difference and identity in the Academy Presenting a distinctive and engaging voice the book discusses the complexity of race gender and identity in the context of higher education an area that continues to appear to be dominated by white middle class values and perspectives Chapters offer an up to date commentary on the purpose failures and potential of research on race gender and identity and its place within contemporary education and sociology The book broadens the understanding of educational research considering both sociological and cultural discourse as well as examining racialized and gendered identities from a theoretical and analytical standpoint The book closes by offering suggestions for viable policy shifts in this area *The Experiences of Black and Minority Ethnic Academics* will be of key interest to researchers academics and postgraduate students in the field of education as well as

sociologists wanting to learn more about black and minority academics in higher education

Video Games Around the World Mark J. P. Wolf, 2015-05-22 Thirty nine essays explore the vast diversity of video game history and culture across all the world's continents Video games have become a global industry and their history spans dozens of national industries where foreign imports compete with domestic productions legitimate industry contends with piracy and national identity faces the global marketplace This volume describes video game history and culture across every continent with essays covering areas as disparate and far flung as Argentina and Thailand Hungary and Indonesia Iran and Ireland Most of the essays are written by natives of the countries they discuss many of them game designers and founders of game companies offering distinctively firsthand perspectives Some of these national histories appear for the first time in English and some for the first time in any language Readers will learn for example about the rapid growth of mobile games in Africa how a meat packing company held the rights to import the Atari VCS 2600 into Mexico and how the Indonesian MMORPG Nusantara Online reflects that country's cultural history and folklore Every country or region's unique conditions provide the context that shapes its national industry for example the long history of computer science in the United Kingdom and Scandinavia the problems of piracy in China the PC Bangs of South Korea or the Dutch industry's emphasis on serious games As these essays demonstrate local innovation and diversification thrive alongside productions and corporations with global aspirations Africa Arab World Argentina Australia Austria Brazil Canada China Colombia Czech Republic Finland France Germany Hong Kong Hungary India Indonesia Iran Ireland Italy Japan Mexico The Netherlands New Zealand Peru Poland Portugal Russia Scandinavia Singapore South Korea Spain Switzerland Thailand Turkey United Kingdom United States of America Uruguay Venezuela

Cognitive Radio Oriented Wireless Networks Mark Weichold, Mounir Hamdi, Muhammad Zeeshan Shakir, Mohamed Abdallah, George K. Karagiannis, Muhammad Ismail, 2015-10-12 This book constitutes the thoroughly refereed post conference proceedings of the 10th International Conference on Cognitive Radio Oriented Wireless Networks CROWNCOM 2015 held in Doha Qatar in April 2015 The 66 revised full papers presented were carefully reviewed and selected from 110 submissions and cover the evolution of cognitive radio technology pertaining to 5G networks The papers are clustered to topics on dynamic spectrum access management networking protocols for CR modeling and theory HW architecture and implementations next generation of cognitive networks standards and business models and emerging applications for cognitive networks

Surrogacy, Law and Human Rights Paula Gerber, Katie O'Byrne, 2016-03-03 Surrogacy presents particularly complex questions for human rights law and theory This book provides a unique and insightful examination into the underexplored issues of how domestic and international law is responding to the sharp increase in the use of surrogacy The work presents critical analysis of the current regulation of surrogacy via domestic law in Australia India and the USA and international law in the form of the UN Convention on the Rights of the Child Including a wide range of views from academics and practitioners around the world the contributors consider what could be done to further protect the

rights of all persons involved in surrogacy arrangements This in depth study of the international and domestic law governing surrogacy provides much needed scholarly knowledge of this contemporary phenomenon along with recommendations for improvement regulation and reform The book will be of great importance to human rights and legal scholars and well as practitioners in this field Research Handbook on State Aid in the Banking Sector François-Charles Laprêvôte, Joanna Gray, Francesco de Cecco, 2017-11-24 The Research Handbook on State Aid in the Banking Sector brings together experts in state aid and in financial regulation drawn from legal academia legal practice economics and from the EU and EEA institutions to shed light on this relationship The editors and expert contributors do this by elucidating key concepts that underpin the application of state aid law to banks and by considering specific aspects of the interface between state aid and financial regulation The Handbook s analysis is complemented by a number of key country based case studies and by a concluding section which takes stock of the Banking Union s package of legislative regulatory reforms and reflects on the possible future role of state aid in this sector *Legacies of the Magdalen Laundries* Miriam Haughton, Mary McAuliffe, Emilie Pine, 2021-11-23 This collection raises incisive questions about the links between the postcolonial carceral system which thrived in Ireland after 1922 and larger questions of gender sexuality identity class race and religion This kind of intersectional history is vital not only in looking back but in looking forward to identify the ways in which structural callousness still marks Irish society Essays include historical analysis of the ways in which women and children were incarcerated in residential institutions Ireland s Direct Provision system the policing of female bodily autonomy though legislation on prostitution and abortion in addition to the legacies of the Magdalen laundries This collection also considers how artistic practice and commemoration have acted as vital interventions in social attitudes and public knowledge helping to create knowledge and re shape social attitudes towards this history **Five Year Mission** Tim Bale, 2015 In May 2010 Labour suffered one of its worst ever election defeats A few months later it chose Ed Miliband as its new leader His task To win back power after just one term in opposition a tall order given how many voters had come to blame Labour for the economic mess the country was in and to see the party as a soft touch when it came to immigration and welfare Even those who were more sympathetic had their doubts Was Ed Miliband really leadership material Would he be able to overcome defeating his elder brother to get to the top Would he have to do as he was told by the trade union leaders who had helped him win Could he resolve the tensions between Blairites and Brownites Blue Labour and New Labour Might his desire to keep his colleagues united mean Labour stayed stuck in its comfort zone Would he in seeking to break from the party s recent past take it too far to the left Could he offer the electorate something really radical in 2015 or would he instead choose something safer but ultimately less inspiring And what should twenty first social democracy look like now that the money had run out This book by one of the country s foremost experts on party politics seeks to answer all those questions and in the run up to the 2015 general election to ask one more will Ed Miliband s five year mission turn out to be mission

impossible **Scandalous Economics** Aida A. Hozic, Jacqui True, 2016-03-10 Of all of the lies fragile alliances and predatory financial dealings that have been revealed in the wake of the Global Financial Crisis of 2008 we have yet to come to terms with the ways in which structural inequalities around gender and race factor into and indeed make possible the current economic order *Scandalous Economics* is about silences the astonishing neglect of gender and race in explanations of the Global Financial Crisis But it is also about noises the sexual scandals and gendered austerity policies that have relegated public debate and the crisis itself into political oblivion While feminist economists and movements such as Occupy Wall Street have pointed to the distributional inequalities that are an effect of financial deregulation scholars haven't really grappled with the representational inequalities inherent in the way we view the politics of the market For example capitalism won't be made more equitable simply by appointing women to leadership positions within financial firms or corporations And the next crisis will not be averted if our understandings of gendered inequalities are framed by sexual scandals in media and popular culture We need to look at the activities and the privileges of the advantaged the TED women of the crisis as much as the victimization of the disadvantaged to fully grasp the interplay between gender and economy in this fragile age of restoration *Scandalous Economics* breaks new ground by doing precisely this It argues that normalization of the post GFC economic order in the face of its obvious breakdowns has been facilitated by co-optation of feminist and queer perspectives into national and international responses to the crisis *Scandalous Economics* builds upon the Occupy movement and other critical analysis of the GFC to comprehensively examine gendered material ideational and representational dimensions that have served to make the crisis and its effects the new normal in Europe and America as well as Latin America and Asia

Mergers & Acquisitions Review Mark Zerdin, 2017-10-31 The Mergers Heinrich Knepper Hengeler Mueller Javier Ruiz Camara Bayo Uria Menendez *Report India*. Ministry of External Affairs, 2013 *Are Libraries Obsolete?* Mark Y. Herring, 2014-01-23 The digital age has transformed information access in ways that few ever dreamed But the afterclap of our digital wonders has left libraries reeling as they are no longer the chief contender in information delivery The author gives both sides the web aficionados some of them unhinged and the traditional librarians some blinkered a fair hearing but misconceptions abound Internet be all and end all enthusiasts are no more useful than librarians who urge fellow professionals to be all things to all people The American Library Association wildly democratic at its best and worst appears schizophrenic on the issue unhelpfully My effort here says the author is to talk about the elephant in the room Are libraries obsolete No concludes the author also The book explores how libraries and librarians must and certainly can continue to be relevant vibrant and enduring

If you ally compulsion such a referred **May June 2013 Marking Scheme** ebook that will allow you worth, get the unconditionally best seller from us currently from several preferred authors.
