Superintendent of Documents, 1896 *Marxism and Real Estate Development* Julian Roche, 2023-09-01 This book straddles two worlds and attempts to bring them together that of Lefebvre s Marxism on the one hand and that of real estate development on the other Lefebvre has now become a household name amongst many contemporary Marxists especially those with an interest in urban planning and certain quarters of the architectural profession however his work is far less well known by real estate professionals whether investors developers brokers or indeed policymakers Marxism and Real Estate Taking Lefebvre Seriously has both a large scope and a very bold aim to use an explication and analysis of the work of Henri Lefebvre not only to present a critique of development but also to draw these two worlds together It therefore first aims to present the arguments of this increasingly well known French Marxist philosopher sociologist and pioneer of urban studies second to situate contemporary real estate development in the light of Lefebvre s work and third to analyse the potential application of Lefebvre s work to each of the major components of contemporary real estate to use Lefebvre s work in order to recommend practical action for developers working alongside planners and architects to influence the future of global real estate As well as its direction at developers themselves this book should be of interest to economists real estate researchers and professionals planners urban studies scholars and of course to those interested in the application of Lefebvre s work to real estate Smart Development in Smart Communities Gilberto Antonelli, Giuseppe Cappiello, 2016-09-13 The concept of smart cities has become one of the most significant new lines of thinking to emerge in the social sciences in recent years both from the research and policy angles To date the focus in smart specialization has been on what regions as a whole can do to bring about innovation but it hasn t necessarily addressed the role cities play within the field This book aims to address that gap drawing together a team

of leading contributors to illustrate this process with particular focus on cities Smart Development in Smart Communities discusses the cross fertilization between smart specialization and cities in fostering smart development and its interactions with the macro micro and meso economic framework from both a theoretical and applied perspective Specific topics covered by the book include human capital formation and utilization centralized decentralized industrial policies innovation policies collective learning and the role of public utilities in sustaining smart development processes This book tackles some of the most important questions that must be faced when investigating how structural change and innovation processes are shaping local and global economic development It will be of interest to academics and researchers in the area of Development Economics Urban Studies and Public Management

Devolution and the UK Economy David Bailey,Leslie Budd,2016-02-24 The Scottish Referendum in September 2014 had significant and far reaching consequences for the political settlement of the United Kingdom The pressure for more fiscal devolution and other economic powers in the devolved nations has increased demands for greater economic decentralisation in the regions and sub regions of England This edited collection constructs an analytical narrative that draws on the evidence of the Scottish experience and

expert testimony from the Smith Commission and other policy advisors Drawing on ideas from fiscal federalism and agglomeration economics the contributors examine the reorganisation and restructuring of economic territories within the UK What is apparent in the UK experience of asymmetrical devolution is that many of the complex issues surrounding decentralised economic governance are not going to be addressed through simple expedients The pertinent question is what should be the appropriate institutional logics and formal policy bailiwicks underpinning a new constitutional settlement In other words what new governmental powers and accompanying forms of governance are needed to achieve a more economically and spatially balanced economy Practical Farmer ,1918 **The Publishers' Circular and Booksellers' Record** ,1915
