Retired Guy's Re-familiarization Manual Ron Martini,2005 Submariners are a tight knit group of men bound together by training and experience and with a language all their own That language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly This work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast This process of accumulating

this new language begins in Boot Camp and is added to with every change of duty station the sailor undergoes It is heard aboard the boats and unknowingly by family members who can't understand terms like head deck and overhead and who think SOS is a distress signal **Air Force Magazine** ,1989-07 **Subject Guide to Books in Print** ,1993 **Monthly Catalog of United States Government Publications** ,1994 *Engineering* ,1888 *Boating* ,1991-01 **M50 Ontos and M56 Scorpion 1956-70** Kenneth W Estes,2016-11-17 Designed in the 1950s the US Marines M50 Ontos and the US Army's M56 Scorpion were both intended to be fast light air droppable tank killers for the Cold War battlefield an answer to the cumbersome and ineffective World War II vintage tanks that had taken to the battlefield during the Korean War Although they shared the aim of bringing light mobile and lethal antitank firepower to the infantry the two vehicles varied wildly in design to cater for their unique mission demands They first saw service in the Lebanon intervention of 1958 but it was in the Vietnam War that they made their name with the M50 Ontos seeing intense combat action in the Battle of Hue in 1968 Detailed illustrations and expert analysis provide the reader with a comprehensive history of these deadly antitank vehicles from early development through to their combat history and the eventual disbandment of the Marine Corps last antitank battalion with M50A1s in 1971 *Boating* ,1989-07 **Army-Navy-Air Force Register and Defense Times** ,1904
