17 20eyewitness March News Report Weekend:

In Harm's Way Kathleen Kern, 2009-01-01 In 1984 Evangelicals for Social Action founder Ron Sider posed the questions What would happen if we in the Christian church developed a new nonviolent peacekeeping force ready to move into violent conflicts and stand peacefully between warring parties Everyone assumes that for the sake of peace it is moral and just for soldiers to get killed by the hundreds of thousands even millions Do we not have as much courage and faith as soldiers Christian Peacemaker Teams CPT has been trying to answer those questions since 1986 CPT has responded to invitations from grassroots organizers on five continents who are using nonviolent strategies to confront systemic oppression This book provides a glimpse into the mistakes and successes the triumphs and tragedies that teams have shared in with local co workers in various nations It also continues to pose the question What would happen if CPT s efforts were multiplied by millions of Christians with a radical commitment to Jesus s nonviolent gospel **Hearings, Reports and Prints of the Senate Committee on the Judiciary** United States.  Minister of New Zealand for eight and a half years 1975 1984 and Minister of Finance for fifteen years 1967 72 and 1975 84
 during one of the most difficult periods in the country s history He was the dominant figure in New Zealand s political life
 over the last half century and one of its most controversial and divisive politicians This major authorised biography has
 occupied Professor Gustafson for ten years it has been extensively researched and long awaited From the opening chapters
 with their revealing account of Muldoon s childhood His Way is gripping reading and will be of wide interest The chapters on
 the calling of the 1984 election and on the currency crisis immediately after the election for example break new ground
 Gustafson s view of Muldoon is fair and tolerant without either anger or sentimentality It sees him as a champion of ordinary
 people a skilled politician determined to preserve the world he had inherited and an autocratic leader whose vision over time
 became anachronistic and inflexible His Way is also and inevitably a picture of the changing political landscape from the
 1940s to the 1980s turbulent times very different from the years of depression and war in which Muldoon grew up and which
 so powerfully shaped his values and perspectives The book is based on many hours of conversation with Muldoon himself and
 on interviews with political colleagues civil servants family and friends it is rich with telling detail and revealing anecdote
 Gustafson s masterly biography provides for the first time a detached and detailed assessment of an extraordinary political
 figure **Blackwards** Ron Christie, 2025-09-23 The iconoclastic Black Republican strategist calls out leaders who fan the
 flames of racial rhetoric and sabotage a post racial America The euphoria surrounding Barack Obama s historic election had
 commentators na vely trumpeting the beginning of a post racial America In Blackwards Ron Christie shows that not only is
 the opposite true but black leadership today is effectively working against this goal by advancing an extremist agenda of
 separatism and special rights that threatens to point us backward to the days before Brown v Board of Education The motto
 E pluribus unum Out of one many speaks to the idea of a melting pot in which Americans of all backgrounds come together to
 form a strong unified nation But in the race politics of today Christie argues the American melting pot is threatened by what
 Pulitzer Prize winning liberal historian Arthur Schlesinger Jr warned was the cult of ethnicity in which social divisions are
 deepened rather than transcended Christie takes on such sacred cows as affirmative action and other race based educational
 policies and campus programs that in the words of former NAACP officer Michael Meyers place figurative black only signs

over certain doorways at America's colleges while only confirming and reinforcing pernicious racial stereotypes. Meanwhile the author argues any open debate about such issues has been hijacked by such self-appointed spokesmen for black America as Al Sharpton who co-opt the public narrative merely by being outspoken and charging racism against anyone who would speak against their political agendas and public grandstanding. Tellingly it is within this context that then presidential candidate Obama famously declared he could not disown Reverend Jeremiah Wright for his racist and anti-American sermons any more than I can disown the black community. Perhaps most important Christie reveals how a separatist mind set has led to a form of selective skin-based jurisprudence in the federal government including Attempts by the Congressional Black Caucus to shield black members found to have committed ethics violations. The Justice Department's sudden dropping of charges against New Black Panther Party members for voter intimidation during the 2008 presidential election. A former trial attorney's admission that Americans would be shocked to learn about the open and pervasive hostility within the Justice Department to bringing civil rights cases against non-white defendants on behalf of white victims. As African Americans face skyrocketing rates of single parent families and high school dropouts the author urges black American communities to shun the limits of the monolithic politics of victimhood and embrace an open debate of many voices en route to the goal not of a separate Black America but of constructive inclusion in the American melting pot.

Military Intervention and Secession in South Asia Anne N. Dos Santos, 2007-10-30 From Chechnya in Russia to Kashmir in India to the Basque region in Spain secessionist movements remain a serious threat to international security. Despite the importance of this issue the causes that bring about external military intervention in a secessionist war have not until now been adequately addressed. In this book Dos Santos identifies the conditions that make international military intervention in a secessionist war more or less likely. South Asia being fraught with secessionist movements Bangladesh Sri Lanka Kashmir and Punjab provides an ideal laboratory for the examination of this compelling issue. Dos Santos argues that a shift in the balance of power between a secessionist group and its central government will lead to a preventive war on the secessionists by the central government. In turn a preventive war of this nature may lead to an alliance between the secessionist group and an external power. The stronger the alliance the greater the chances of an international military intervention. Understanding the conditions under which secessionist movements expand become secessionist wars and invite international military intervention on behalf of the secessionists has strong policy implications. It can go a long way toward guiding policymakers who may want to mitigate or avoid these conditions in their states. Dos Santos views both states and secessionist groups as primary actors and she examines both the distribution of power among states and the balance of power between central government and groups within states.
