Chapter 38 Review sheet

Wednesday Night- Pp 887-894 (stop at Seeds of Civil Rights Revolution)

- 1.) In a paragraph please explain four ways in which television changes politics in the 1950- be sure to include the "checkers speech", first sound bite, and first town hall meeting.

Nixon ran into trouble when he was caught dumping taxpayer's money into a slush fund. Eisenhower almost dropped him from the ballot, yet Nixon went on national television and professed his apology while referencing his family dog "Checkers" for which the speech is proclaimed, the speech saved him his seat on the ballot. The speech brought on the first of many television sound bites such as 30 second commercials with catchy phrases to promote one candidate over the other. The town hall, which of course was staged, set in forth a new era in presidential races as people saw the usefulness of that old black and white box and it's appearance to the American audience.

- 2.) In discussing the Eisenhower Presidency the book says Ike pursued "social harmony rather than social justice". What does this mean? Be specific.

Ike walked in on America when it was with a bunch of problems. America wanted out, so did Ike. But you can't just throw out all America's problems and isolate yourself for ten years just like that. Instead Ike settled on things, and decided to just wrap them up and send them as fast as possible rather than serve them justly. With the Korean war, Ike promised to end it, but it took him 7 months of long peace negotiations, which finally settled to cut Korea into two at the 38<sup>th</sup> parallel. Ike also tried to stay out of the way with the whole civil rights movement that was sprouting up around this time. He only intervened if he absolutely had to, and even then he only solved the solution by making both sides equal, never supporting one side more than another. Ike had to make everyone happy.

- 3.) Please explain the rise, fall and impact of Joseph McCarthy.

Joseph McCarthy was a ruthless Wisconsin senator who brought forth "McCarthyism" into the 1950s. After some national political attention, McCarthy accused the senate of knowingly employing 205 Communist party members. The democrats said prove it, so McCarthy went back, did some research, then came back and accused 57 communist employees. The democrats said prove it, McCarthy went back, and when he came forward he actually only had 1 guy, who sorts maybe kinda was related to communist party members. But the "McCarthyism" toll had already taken wind about the country. Ruthless red hunters could now accuse anyone they wanted too, without any evidence to actually back it up! The surprising thing was that most Americans supported McCarthy and his raid against communism. McCarty was able to accuse anyone he wanted too for a while, until he took it too far and accused veterans of the war. His support fell almost 100% overnight. He was tried and convicted of "Conduct unbecoming a member"

- 4.) Use complete sentences to explain the significance of the following as they relate to the Civil Rights movement:

**Emmit Till-**

14 year old black youth who was lynched as white's thought he had "leered" at a white woman. Brought new scope back to the civil rights moment as it showed the violence even youth were going through.

**An American Dilemma-**

Swedish scholar Gunnar Myrdal exposed the real truth behind America's tradition of "All men created equal" and how blacks were treated in the country.

**Jackie Robinson**

Cracked the racial barrier in big league baseball when the Brooklyn dodgers signed him in 1947. For most part, didn't help the civil rights movement so much, just a notable occurrence.

**1944 Supreme Court Ruling-**

Ruled that white primary unconstitutional, thereby undermining the status of the democratic party in the south as a status of the democratic party in the south as a white person's club.

**Executive Order 8802**

Acted as a kind of second emancipation proclamation as the federal government once again committed itself to giving justice to the blacks in America.

***Swatt vs Painter***

Ruled that separate professional schools for blacks failed to meet the test of equality

**Rosa Parks-**

Sat in the white part of the bus, was thrown out, sparked a huge boycott of bus system

**Montgomery Bus Boycott-**

Thousands boycotted the bus system in response to rosa park's action of getting thrown out. Also sparked interest in martin Luther king to join the movement.

**Influence of Gandhi-**

Martin Luther King Jr. used influence's from Gandhi by peaceful protests

**Thursday 894-899 (Stop at "A New Look")**

**More definitions from the Civil Rights Movement-**

**Truman's Civil Rights legislation 1948-**

Truman created a report entitled "To secure these rights" that ended segregation in the federal civil service and ordered "equality of treatment and opportunity" in the armed forces

**Truman's actions regarding armed forces-**

Truman created "equality of treatment and opportunity" among the armed forces, ending segregated units and squadrons.

**Earl Warren and "Judicial Activism"-**

Shocked America with his surprisingly active judicial intervention in previously taboo social issues, many argued that Warren should be impeached, yet defenders argued that he was rightly stepping out to confront important social issues, especially civil rights for African Americans.

**The English Catalogue of Books Published from January, 1835, to January, 1863**, 1864 The American Pageant Thomas Andrew Bailey, David M. Kennedy, Elizabeth Cohen, 1998 **Lies My Teacher Told Me** James W. Loewen, 2018-07-17 Every teacher every student of history every citizen should read this book It is both a refreshing antidote to what has passed for history in our educational system and a one volume education in itself Howard Zinn A new edition of the national bestseller and American Book Award winner with a new preface by the author Since its first publication in 1995 *Lies My Teacher Told Me* has become one of the most important and successful history books of our time Having sold nearly two million copies the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti Racist Scholarship and was heralded on the front page of the New York Times For this new edition Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls an extremely convincing plea for truth in education In *Lies My Teacher Told Me* James W Loewen brings history alive in all its complexity and ambiguity Beginning with pre Columbian history and ranging over characters and events as diverse as Reconstruction Helen Keller the first Thanksgiving the My Lai massacre 9 11 and the Iraq War Loewen offers an eye opening critique of existing textbooks and a wonderful retelling of American history as it should and could be taught to American students **Whitaker's Cumulative Book List**, 1962 The Brief American Pageant David M. Kennedy, 1999-07 The book is suitable for one semester courses in American history as well as for courses that rely on supplementary readings in secondary historical works or primary sources It maintains a commitment to telling the story of the American past including essays enriched discussion at many points of the contributions of women expanded treatment of working class life extensive analysis of the concept of republicanism account of reconstruction substantial attention to African American and Native American history and careful integration of social political and cultural themes in *Lies My Teacher Told Me* James W. Loewen, 2008 Criticizes the way history is presented in current textbooks and suggests a more accurate approach to teaching American history Public Affairs Information Service Bulletin, 1938 *The Whites Want Every Thing* Will Bagley, 2019-10-17 American Indians have been at the center of Mormon doctrine from its very beginnings recast as among the Children of Israel and thereby destined to play a central role in the earthly triumph of the new faith The settling of the Mormons among the Indians of what became Utah Territory presented a different story a story that as told by the settlers robbed the Native people of their voices along with their homelands *The Whites Want Everything* restores those Native voices to the history of colonization of the American Southwest Collecting a wealth of documents from varied and often suppressed sources this volume allows both Indians and Latter day Saints to tell their stories as they struggled to

determine who would control the land and resources of North America's Great Basin. Journals, letters, reports, and recollections from firsthand participants reveal the complexities of cooperation and conflict between Native Americans and Mormon Anglo-Americans. The documents offer extraordinarily wide-ranging and detailed perspectives on the fight to survive in one of Earth's most challenging environments. Editor Will Bagley, a scholar of Mormon history and the American West, provides cultural, historical, and environmental context for the documents, which include the Indians' own eloquent voices as preserved in the region's remarkable archives. In all these accounts, we see how some of western North America's most colorful historical characters recorded their adventures and regarded their painful stories, and how, in doing so, they bring light to a dark chapter in American history. Ranging from initial encounters through the 1850-1872 war against Native tribes to recitations of Mormon millennial dreams continued long after Brigham Young's death in 1877, this is history as it happened, not as some might wish it had at long last returning the original owners of today's Utah, Nevada, and Colorado to their rightful place in history.

*Bulletin of the Public Affairs Information Service*, Public Affairs Information Service, 1938. Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1903. Since 1865. Kennedy, David M. Kennedy, Elizabeth Cohen, Professor Thomas Andrew Bailey, Mel Piehl, 2003-03. The Brief American Pageant retains the vivid chronological narrative of its full-length counterpart, focusing on the great public debates that have dominated American history. Engaging features draw students into the narrative, improving comprehension and increasing their interest in the material. Varying Viewpoints features explore the scholarly debates surrounding major historical issues, while Makers of America essays focus on the diverse ethnic, racial, and activist groups that compose America's pluralistic society.

**The Banker and Financier**, 1925. The American Friend, 1927. Members of the Tribe. Rachel Rubinstein, 2010. A history of representations of American Indians in Jewish literature and popular media. In *Members of the Tribe*, Native America in the Jewish Imagination, author Rachel Rubinstein examines interventions by Jewish writers into an ongoing American fascination with the imaginary Indian. Rubinstein argues that Jewish writers represented and identified with the figure of the American Indian differently than their white counterparts, as they found in this figure a mirror for their own anxieties about tribal and national belonging. Through a series of literary readings, Rubinstein traces a shifting and unstable dynamic of imagined Indian Jewish kinship that can easily give way to opposition, and especially in the contemporary moment, competition. In the first chapter, *Playing Indian: Becoming American*, Rubinstein explores the Jewish representations of Indians over the nineteenth century through narratives of encounter and acts of theatricalization. In chapter 2, *Going Native: Becoming Modern*, she examines literary modernism's fascination with the Indian poet and a series of Yiddish translations of Indian chants that appeared in the modernist journal *Shriftn* in the 1920s. In the third chapter, *Red Jews*, Rubinstein considers the work of Jewish writers from the left, including Tillie Olsen, Michael Gold, Nathanael West, John Sanford, and Howard Fast, and in chapter 4, *Henry Roth: Native Son*, Rubinstein focuses on Henry Roth's complicated appeals to Indianness. The final chapter, *First Nations*,

addresses contemporary contestations between Jews and Indians over cultural and territorial sovereignty in literary and political discourse as well as in museum spaces As Rubinstein considers how Jews used the figure of the Indian to feel at home in the United States she enriches ongoing discussions about the ways that Jews negotiated their identity in relation to other cultural groups Students of Jewish studies and literature will enjoy the unique insights in *Members of the Tribe*
