animism is binding and a pervasive element as well as Western media with its consumerism and worldview. The most impacted are youth who are caught between the traditional and postmodern culture. In a country that is Christian by constitution, pastors are looked upon with high esteem. They need to find a way to bridge the gap to make sense of the world youth are living in and find a meaningful way forward. Although this book is aimed at pastors and youth workers in PNG, other sectors can benefit from the research: politicians, educators, health workers, clergy especially if they are coming from a different culture be that from PNG or another country.
