I interacted with the individuals whose finances trumped mine I began to see patterns on how to make money and what makes someone successful and applied them to my own life The idea of ways to make money leveraging my income and making my money work for me instead me working for it triggered and it became my goal to build passive income Especially now I realize how expensive it is to raise children be single and pay for day care Even though as of writing this book we share the kids fifty fifty I still have to take them to day care so I can work Not all the passive income ideas and tips mentioned in this book will work for you Personally I ve implemented a few of the tips written Each tip is different for each individual and you have to do what you feel is best for you What works for me may not necessarily work for you and vice versa I hope something in this book will ignite that fire in you to run with it in your life Whether it s to build wealth add to your retirement or just put a few more bucks in your pocket I am sure there s something in here for you And oh yes I would like to thank our Lord and Savior because without Him none of this would be possible
