Thompson, Susan Mullin Vogel, Anne D'Alleva, 1990 Catalogue by Anne D Alleva **African Art in Transit** Christopher B. Steiner, 1994-01-27 African Art in Transit is an absorbing account of the commodification and circulation of African art objects in the international art market Christopher Steiner s analysis of the role of the African middleman in linking those who produce and supply works of art in Africa with those who buy and collect so called primitive art in Europe and America is based on extensive field research among the art traders in C te d Ivoire Steiner provides a lucid interpretation which reveals not only a complex economic network with its own internal logic and rules but also an elaborate process of transcultural valuation and exchange By focusing directly on the intermediaries in the African art trade he unveils a critical new perspective on how symbolic codes and economic values are mediated in the context of shifting geographic and cultural domains He questions conventional definitions of authenticity in African art by demonstrating how the categories authentic and traditional are continually redefined *A Companion to Curation* Brad Buckley, John Conomos, 2020-01-29 The definitive reference text on curation both inside and outside the museum A Companion to Curation is the first collection of its kind assembling the knowledge and experience of prominent curators artists art historians scholars and theorists in one comprehensive volume Part of the Blackwell Companion series this much needed book provides up to date information and valuable insights on the field of curatorial studies and curation in the visual arts Accessible and engaging chapters cover diverse contemporary methods of curation its origin and history current and emerging approaches within the profession and more This timely publication fills a significant gap in literature on the role of the curator the art and science of curating and the historical arc of the field from the 17th century to the present The Companion explores topics such as global developments in contemporary indigenous art Asian and Chinese art since the 1980s feminist and queer feminist curatorial practices and new curatorial strategies beyond the museum This unique volume Offers readers a wide range of perspectives on curating in both theory and practice Includes coverage of curation outside of the Eurocentric and Anglosphere art worlds

International African Bibliography ,1992 *African Arms and Armour* Christopher Spring,1993 Using eyewitness accounts of travelers and missionaries to Africa the oral history of Africans and the visual evidence of the weapons themselves Spring builds a comprehensive cultural and ethnographic survey of traditional arms and armor from several centuries ago to the present *North African Textiles* Christopher Spring,Julie Hudson,1995 This text is a survey of North African textiles from ancient Egypt to the present day It is published to accompany two exhibitions at the Museum of Mankind Modesty and Display North African Textiles and Secular and Sacred Ethiopian Textiles The Power of Form Ezio Bassani,Michael Bockemühl,Patrick R. McNaughton,2002 Many elements converge in the construction of a high quality art collection making it a fascinating intellectual and emotional adventure a journey of discovery and a labour of love Formed over the course of thirty years by Udo Horstmann and his wife the Horstmann collection is rather exceptional inasmuch as it offers a captivating vision of the variety of solutions adopted by black artists over the course of the centuries nearly 120 extraordinary sculptures figures masks household objects and weapons from Guinea Bissau Mali Burkina Faso Cote d Ivoire Ghana Togo Nigeria Cameroon Gabon Congo Angola Zambia Zimbabwe South Africa Swaziland Mozambique Kenya and Sudan The origin of the artworks selected for their perfection transcending the mere utilitarian function touches all of the lands of the continent including the southern and eastern lands rarely so authoritatively represented in other collections and their execution covers an arc of time of several millennia The presence of ancient works contributes to the demolition of the preconception that has weighed unfairly until recent years on African art and that is the absence of evolution in the artistic creation of Black Africa and therefore of any historic quality This is a difficult negation to cancel if African sculpture is still often labeled as primitive Another meritorious quality of the Horstmanns lies in the fact that they chose the sculptures in their collection not out of any generic passion for the exotic and neither for any abstract demand for representativity of ethnicity or significance or destination but for their quality for the enchantment of the form or better of the forms Paging through the book the reader will discover that the artistic creation that is the need to give form to the formless is a common heritage of mankind shared by the artists of Black Africa *African Arts* ,2007 **African American Literature** Hans Ostrom,J.
