This sample essay on Against Death Penalty Essay provides important aspects of the issue and arguments for and against as well as the needed facts. Read on this essay's introduction, body paragraphs, and conclusion.

**Abolishment of Capital Punishment** Capital punishment should be abolished for the following reasons. 1) It violates the Eight Amendment of the use of cruel and unusual punishment, for which the Supreme Court has vacillated. 2) It is a form of premeditated murder. 3) It promotes racism. 4) It can be administered to innocent individuals through tainted evidence. 5) The death penalty does not deter criminals from committing violent crimes. The death penalty is a form of cruel and unusual punishment that violates citizen's Eighth Amendment which has forced the Supreme Court to step in and evaluate this form of punishment.

The death penalty has not always been practiced in the United States; however, there have been about 13,000 people who have been legally executed since colonial times. In 1972, the Supreme Court effectively nullified the death penalty. However, in 1976 another Supreme Court found capital punishment to be Constitutional (White 1). One must wonder why they made this decision. In 2007 the court put executions across the country on hold for eight months while it examined whether lethal injection, the most common means of executing prisoners, violated the Eight Amendment prohibition against cruel and unusual punishment (Lacayo).

How can they not see this form of punishment as cruel and unusual? Individuals are killed by electricity seeping through their bodies, or drugs that cause their organs to shut down one at a time. It's difficult to understand what the government perceives as cruel and unusual punishment. Maybe to them this would mean lining individuals up and killing them at point blank range. What could be crueler than strapping individuals to a chair and sending electricity through their bodies essentially cooking their insides, or putting a lethal dose of drugs into their body that causes organ failure.

### **The Death Penalty Essay Against**

The method of taking another human's life is cruel no matter how it is achieved. This gives too much power to individuals in society. The death penalty is a form of premeditated murder. According to dictionary. com, murder is the killing or slaughter of an individual inhumanely or barbarously. What gives the state or normal everyday citizens the right to determine whether or not an individual lives or dies? This is essentially doing what the criminal did and justifying it by hiding behind the law. Murder is murder whether it is committed by the drug dealer on the street or by the executioner who administers the lethal dose of medication into the inmate's veins. Some individuals feel that the death penalty gives way to racism and class oppression. African Americans and Latinos represent the majority of inmates on death row. Because of this, ex

The question whether capital punishment should be practiced as a penalty for criminals has for a long time been a controversial topic because it concerns people worldwide It is debatable whether methods of punishment such as the death penalty are an ethical solution to crime , **The Death Penalty in Dickens and Derrida** Jeremy Tambling, 2023-04-06

In the nineteenth century Charles Dickens backed the cause of abolition of the death penalty and wrote comprehensively about it in public letters and in his novels At the end of the twentieth century Jacques Derrida ran two years of seminars on the subject which were published posthumously What the novelist and the philosopher of deconstruction discussed independently this book brings into comparison Tambling examines crime and punishment in Dickens s novels *Barnaby Rudge* *A Tale of Two Cities* *Oliver Twist* and *Bleak House* and explores those who influenced Dickens s work including Hogarth Fielding Godwin and Edgar Allen Poe This book also looks at those who influenced Derrida Freud Nietzsche Foucault and Blanchot and considers Derrida s study on terrorism and the USA as the only major democracy adhering to the death penalty A comprehensive study of punishment in Dickens and furthering Derrida s insights by commenting on Shakespeare and blood revenge the French Revolution and the enduring power of violence and its fascination this book is a major contribution to literary criticism on Dickens and Derrida Those interested in literature criminology law gender and psychoanalysis will find it an essential intervention in a topic still rousing intense argument *Literature and the Remains of the Death Penalty* Peggy Kamuf, 2018-10-16

Why have generations of philosophers failed or refused to articulate a rigorous challenge to the death penalty when literature has been rife with death penalty abolitionism for centuries In this book Peggy Kamuf explores why any properly philosophical critique of capital punishment in the West must confront the literary as that which exceeds the logical demands of philosophy Jacques Derrida has written that the modern history of the institution named literature in Europe over the last three or four centuries is contemporary with and indissociable from a contestation of the death penalty How Kamuf asks does literature contest the death penalty today particularly in the United States where it remains the last of its kind in a Western nation that professes to be a democracy What resources do fiction narrative and poetic language supply in the age of the remains of the death penalty Following a lucid account of Derrida s approach to the death penalty Kamuf pursues this question across several literary texts In reading Orwell s story *A Hanging* Kamuf explores the relation between literary narration and the role of the witness concluding that such a witness needs the seal of literary language in order to account for the secret of the death penalty The next chapter turns to the American scene with Robert Coover s 1977 novel *The Public Burning* which restages the executions of Julius and Ethel Rosenberg as an outlandish public spectacle in Times Square Because this fictional device reverses the drive toward secrecy that beginning in the mid nineteenth century put an end to public executions in the West Kamuf reads the novel in a tension with the current tendency in the U S to shore up and protect remaining death penalty practices through increasingly pervasive secrecy measures A

reading of Norman Mailer's 1979 novel *The Executioner's Song* shows the breakdown of any firm distinction between suicide and capital execution and explores the essential affinity between traditional narrative structure which is plotted from the end and the plot of a death penalty. Final readings of Kafka, Derrida and Baudelaire consider the relation between literature and law showing how performative literary language can play the law. A brief conclusion titled *Postmortem* reflects on the condition of literature as that which survives the death penalty. A major contribution to the field of law and society, this book makes the case for literature as a space for contesting the death penalty, a case that scholars and activists working across a range of traditions will need to confront.

**Philosophy Skills Book** Chris Case, Bob Underwood, Jesse Zuck, 2012-03-29 Built around practical exercises, this book helps students to practise and master core reading and writing skills crucial to the successful study of philosophy.

**The International Library of Essays on Capital Punishment, Volume 1** Peter Hodgkinson, 2016-12-05 This volume provides up to date and nuanced analysis across a wide spectrum of capital punishment issues. The essays move beyond the conventional legal approach and propose fresh perspectives including a unique critique of the abolition sector. Written by a range of leading experts with diverse geographical, methodological and conceptual approaches, the essays in this volume challenge received wisdom and embrace a holistic understanding of capital punishment based on practical experience and empirical data. This collection is indispensable reading for anyone seeking a comprehensive and detailed understanding of the complexity of the death penalty discourse.

*Punishment and the Death Penalty* Robert M. Baird, Stuart E. Rosenbaum, 1995 A collection of twenty essays by legal scholars, sociologists and philosophers discussing the punishments for crime.

**Wendell Berry: Essays 1993-2017 (LOA #317)** Wendell Berry, 2019-05-21 The second volume of the Library of America's definitive two volume selection of the nonfiction writings of our greatest living advocate for sustainable culture. Writing with elegance and clarity, Wendell Berry is a compassionate and compelling voice for our time of political and cultural distrust and division, whether expounding the joys and wisdom of nonindustrial agriculture, relishing the pleasure of eating food produced locally by people you know, or giving voice to a righteous contempt for hollow innovation. He is our most important writer on the cultural crisis posed by industrialization and mass consumerism and the vital role of rural sustainable farming in preserving the planet as well as our national character. Now in celebration of Berry's extraordinary six decade long career, Library of America presents a two volume selection of his nonfiction writings prepared in close consultation with the author. In this second volume, forty four essays from ten works turn to issues of political and social debate, big government, science and religion, and the meaning of citizenship following the tragedy of 9/11. Also included is his Jefferson Lecture to the National Endowment for the Humanities, *It All Turns on Affection*. 2012 Berry's essays remain timely even urgent today and will resonate with anyone interested in our relationship to the natural world and especially with a younger politically engaged generation invested in the future welfare of the planet.

**Heinrich Mann's Novels and Essays** Karin Verena Gunnemann, 2002. The first full length study in English of Heinrich Mann's literary work and political activism. Heinrich Mann once counted among the most important literary figures in Germany is known to most English speaking readers only as the brother of Thomas Mann or in connection with Marlene Dietrich and the film *The Blue Angel* which was based on one of his novels. Only a few of his novels and stories and virtually none of his hundreds of provocative essays are available in English. But he deserves special attention for the window his work provides onto the intellectual, social and political history of Germany especially Germany's struggle with the question of democracy in the early twentieth century. In his essays and novels Mann exposed Germany's resistance to democracy well before the First World War and especially during the Revolution of 1918-19 and the Weimar Republic he made the education of the German people to democratic values and a democratic form of government the center of his life and work. Professor Gunnemann's book is the first work in English that explores Heinrich Mann's work in detail. Special attention is given to the history of the reception of Mann's works in Germany which is also a history of that nation's self understanding. Karin Verena Gunnemann is professor of German at Agnes Scott College in Atlanta.

**Against Capital Punishment** Herbert H. Haines, 1999-08-19. While most western democracies have renounced the death penalty, capital punishment enjoys vast and growing support in the United States. A significant and vocal minority however continues to oppose it. *Against Capital Punishment* is the first full account of anti death penalty activism in America during the years since the ten year moratorium on executions ended. Building on in depth interviews with movement leaders and the records of key abolitionist organizations, this work traces the struggle against the pro death penalty backlash that has steadily gained momentum since the 1970s. It reviews the conservative turn in the courts which over the last two decades has forced death penalty opponents to rely less on the litigation strategies that once served them well. It describes their efforts to mount a broad based educational and political assault on what they see as the most cruel, racist, ineffective and expensive manifestation of a criminal justice system gone wrong. Despite the efforts of death penalty opponents, executions in the United States are on the increase. *Against Capital Punishment* diagnoses the reasons for the failure to mobilize widespread opposition to executions and assesses the prospects for opposition to capital punishment in the future of the United States.
