Board of Missions, 1964 **Enchantments of Mammon** Eugene McCarraher, 2019-11-12 An extraordinary work of intellectual history as well as a scholarly tour de force a bracing polemic and a work of Christian prophecy McCarraher challenges more than 200 years of post Enlightenment assumptions about the way we live and work The Observer At least since Max Weber capitalism has been understood as part of the disenchantment of the world stripping material objects and social relations of their mystery and magic In this magisterial work Eugene McCarraher challenges this conventional view Capitalism he argues is full of sacrament whether one is prepared to acknowledge it or not First flowering in the fields and factories of England and brought to America by Puritans and evangelicals whose doctrine made ample room for industry and profit capitalism has become so thoroughly enmeshed in the fabric of our society that our faith in the market has become sacrosanct Informed by cultural history and theology as well as management theory The Enchantments of Mammon looks to nineteenth century Romantics whose vision of labor combined reason creativity and mutual aid for salvation In this impassioned challenge to some of our most firmly held assumptions McCarraher argues that capitalism has hijacked our intrinsic longing for divinity and urges us to break its hold on our souls A majestic achievement It is a work of great moral and spiritual intelligence and one that invites contemplation about things we can t afford not to care about deeply Commonweal More brilliant more capacious and more entertaining page by page than his most ardent fans dared hope The magnitude of his accomplishment an account of American capitalism as a religion will stun even skeptical readers Christian Century The Sacred Home in Renaissance Italy Abigail Brundin, Deborah Howard, Mary Laven, 2018-07-11 The Sacred Home in Renaissance Italy explores the rich devotional life of the Italian household between 1450 and 1600 Rejecting the enduring stereotype of the Renaissance as a secular age this interdisciplinary study reveals the home to have been an important site of spiritual revitalization Books buildings objects spaces images and archival sources are scrutinized to cast new light on the many ways in which religion infused daily life within the household Acts of devotion from routine prayers to extraordinary religious experiences such as miracles and visions frequently took place at home amid the joys and trials of domestic life from childbirth and marriage to sickness and death Breaking free from the usual focus on Venice Florence and Rome The Sacred Home investigates practices of piety across the Italian peninsula with particular attention paid to the city of Naples the Marche and the Venetian mainland It also looks beyond the elite to consider artisanal and lower status households and reveals gender and age as factors that powerfully conditioned religious experience Recovering a host of lost voices and

compelling narratives at the intersection between the divine and the everyday The Sacred Home offers unprecedented glimpses through the keyhole into the spiritual lives of Renaissance Italians
