The Socially Savvy Advisor Jennifer Openshaw, 2014-12-03 The social media marketing bible for the financial industry The Socially Savvy Advisor Compliant Social Media for the Financial Industry is the complete guide to creating an effective social media strategy without breaking the big rules Written by an industry specialist Jennifer Openshaw alongside Stuart Fross Fidelity International's former general counsel and Amy McIlwain president of Financial Social Media this book merges marketing basics with FINRA and SEC guidelines to help readers create an effective social media campaign specifically for the finance and investing world Contributions from industry leaders at Charles Schwab Citibank and others provide inside perspective and experience so readers can tap into a new audience With a focus on compliance the book clears common hurdles while dispelling myths and outlining effective methods and techniques Readers also gain access to a website featuring videos Q As tutorials Slideshare and a social media policy template Social media is one of the hottest topics in finance From solo practitioners to large asset managers everyone's consumed by how when and where to use this new and powerful medium but guidance is hard to find The Socially Savvy Advisor covers the entire issue from platform to content to what not to do Best practices in using social media for advisors and compliance officers Planning for the regulators vs failing to plan Challenges with LinkedIn Facebook Twitter and other social platforms Elements of a good social media policy Managing the top issues related to marketing and business development engagement and compliance With the right plan and the proper technique social media marketing can dramatically improve client outreach and retention The Socially Savvy Advisor provides the expert insight tools and guidance that shape a robust effective strategy [SEC Docket](#) United States. Securities and Exchange Commission, 1996 *Kiplinger's Personal Finance*, 1996-05 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **The Best Way to Save for College** Joseph F. Hurley, 2006-08 Provides an overview of how to use 529 plans to help finance future costs of education including what to look for in a plan and state by state comparisons **ABA Journal**, 1999-10 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Plan and Finance Your Family's College Dreams: A Parent's Step-By-Step Guide from Pre-K to Senior Year** Peter Mazareas, 2016-06-14 Planning and paying for a college education is a daunting task for most parents It is a stressful and costly process that needs a well thought out academic and financial strategy This guide offers just that Two of the nation's leading college planning and financing experts provide clear step by step guidance on how to successfully save plan for apply to and finance a college education Age and grade appropriate guidance empowers families with children of all ages with detailed information on preparing financing and successfully applying to college Financing a college education requires a good look at all available options savings free money financial aid and loans Finding the right savings vehicle and investments is important Learn the pros and cons of

various savings and investment options including Bank accounts 529 Plans Coverdell Education Savings Accounts and more so you can begin to develop your plan Easy to understand explanations help parents better understand college loans including details about federal and private loans consolidation and refinancing of loans as well as a discussion on what it means to co sign a loan Based on the expert advice presented in this book parents will be able to create a personalized college admission and financing plan that is unique to their family Empire of the Fund William A. Birdthistle,2016-06-01 Empire of the Fund is an expos and examination of the way we save now With the rise of the 401 k and demise of the pension the United States has embarked upon the richest and riskiest experiment in our financial history Over the next twenty years nearly eighty million baby boomers will retire at a pace of ten thousand per day The hypothesis of our experiment is that millions of ordinary untrained busy citizens can successfully manage trillions of dollars in a financial system dominated by wealthy skilled and powerful financial institutions many of which have a record of treating individual investors shabbily The key tools in our 401 k plans and individual retirement accounts are mutual funds which have ballooned to hold more than 16 trillion But these funds pose dangers to our savings in three ways through structural vulnerabilities that give money managers the incentive to focus on marketing over investing through the very human challenges of managing our savings decades into the future and through the peril of financial professionals behaving badly to our economic harm Though Americans often hear of the importance of low fees in fund investing few are aware of the astonishing panoply of ways that some financial advisers have illegally diverted money out of mutual funds from abetting hedge funds to trade after the legal deadline to inflating the assets on which they are paid a percentage to paying kickbacks for brokers to sell their funds This book will forewarn and forearm Americans by illustrating the structural flaws perverse incentives and litany of scandals that have bedeviled mutual funds And by setting forth a pair of policy solutions to improve Americans financial literacy and bargaining power it will also attempt to safeguard our individual financial destinies and our nation s fiscal strength
