Enforcement of Actions in Corporate Law by Non-Shareholder Constituencies Tshepo Herbert Mongalo, 2024-12-15

Enforcement of Actions in Corporate Law by Non Shareholder Constituencies Lessons for the Common Law World from South Africa advocates for a complementary enforcement regime for the current and proposed corporate legislative measures in the Anglo American corporate law Doing so would empower non shareholder interests in corporate decision making Mongalo argues that corporate legislative initiatives ought to provide for non shareholder constituencies considerations in decision making within corporate entities and that failure to enforce such frameworks reduces the law to lip service By offering a comprehensive critique of corporate constituency statutes and benefit corporation statutes in US and the enlightened shareholder value approach in the UK Mongalo makes the case that a shift from the current enforcement philosophy in Anglo American jurisdictions which is based on the preference of those to whom fiduciary duties are currently owed is necessary and that the Actionable Enlightened Shareholder Value AESVA with its origins in South Africa should be preferred

Innovation, Regional Integration, and Development in Africa Samuel Ojo Oloruntoba, Mammo Muchie, 2018-07-26 This edited volume discusses the role of innovation and regional integration in economic development in Africa Over the past five decades post colonial African countries have struggled to break loose from the trap of poverty and underdevelopment through the adoption of various development strategies at regional national and continental levels However the results of both national and regional efforts at advancing development on the continent have been mixed Although the importance of agglomeration and fusion of institutions have long been recognized as possible path to achieving economic development in Africa the approach to regionalism has been unduly focused on market integration while neglecting other dimensions such as social policy mobility of labor educational policy biotechnology regional legislation manufacturing innovation and science and technology This volume investigates the link between innovation regional integration and development in Africa arguing that the immediate and long term development of Africa lies not just in the structural transformation of its economies but in the advancement of scientific and innovation capacities The book is divided into four parts Part I addresses the theoretical and conceptual underpinnings of innovation and regional integration in Africa Part II presents case studies which examine how regional economic institutions are fostering innovation in Africa Part III of the book deals with sectoral issues on innovation and integrated development in Africa Part IV sets the future research on innovation regional integration and development in

Africa Combining theoretical analysis and a comparative interdisciplinary approach this volume is appropriate for researchers and students interested in economic development political economy African studies international relations agricultural science and geography as well as policymakers in regional economic communities and the African Union
