A Research Guide to the Ancient World John M. Weeks,Jason de Medeiros,2014-11-25 The archaeological study of the ancient world has become increasingly popular in recent years A Research Guide to the Ancient World Print and Electronic Sources is a partially annotated bibliography The study of the ancient world is usually although not exclusively considered a branch of the humanities including archaeology art history languages literature philosophy and related cultural disciplines which consider the ancient cultures of the Mediterranean world and adjacent Egypt and southwestern Asia Chronologically the ancient world would extend from the beginning of the Bronze Age of ancient Greece ca 1000 BCE to the fall of the Western Roman Empire ca 500 CE This book will close the traditional subject gap between the humanities Classical World Egyptology and the social sciences anthropological archaeology Near East in the study of the ancient world This book is uniquely the only bibliographic resource available for such holistic coverage The volume consists of 17 chapters and seven appendixes arranged according to the traditional types of library research materials bibliographies dictionaries atlases etc The appendixes are mostly subject specific including graduate programs in ancient studies reports from significant archaeological sites numismatics and paleography and writing systems These extensive author and subject indexes help facilitate ease of use **Mergent Municipal & Government Manual** ,2000 *Routledge Handbook on Christian-Muslim*

Relations David Thomas, 2017-08-16 The matter of Christian Muslim relations cannot be ignored these days While the term itself may not appear all that often relations between the two faiths and their reciprocal perceptions are undeniable influences behind many current conflicts declarations of mutual recognition and peace negotiations not to mention the brooding hatred of religious extremists Since 9 11 relations between the two faiths have in one form or another hardly been away from the news This Handbook contains fundamental information about the major aspects of relations between Christians and Muslims Its various sections follow the history from the early seventh century to the present the major religious issues that have led to disputes between the two faiths and the political implications of religious differences at various stages through history as well as in the present It includes analysis of scriptural and theological themes and explores the characteristics of relations at important points in history and also in various parts of the world today Chapters are devoted to the most significant intellectual interpretations and encounters the main armed clashes including the Crusades and the important documents issued by each faith that in recent years have led the way towards new developments in recognition and acceptance With chapters written by some of the foremost experts in the field the book traces the largely dark history of relations and explains the underlying reasons why Muslims and Christians have found tolerance and respect for the other difficult It is an excellent resource for understanding the past and for highlighting lessons for future relations between the world's two largest religions **Mergent International Manual**, 2003 **A Concise Guide to**

Understanding Suicide Stephen H. Koslow, Pedro Ruiz, Charles B. Nemeroff, 2014-09-18 A concise review of current research into suicide providing a guide to understanding this disease and its increasing incidence globally **Lesbian, Gay, Bisexual and Transgender Christians** Bronwyn Fielder, Douglas Ezzy, 2017-12-14 Lesbian Gay Bisexual and Transgender Christians details the processes through which LGBT Christians resolve the fraught tensions between their religious sexual and gendered identities and examines the associated changes to their religious practice in the pursuit of authenticity The book moves between richly described first person accounts and clear theoretical analysis contextualising the discussion within contemporary theories of religion and same sex attraction Through careful qualitative research with LGBT Christians in the Australian Metropolitan Community Church MCC and the Uniting Church Bronwyn Fielder and Douglas Ezzy show that although painful self questioning and struggle is experienced by some LGBT Christians many people ultimately find a resolution and a sense of peace with their sexual identity as LGBT Christians The pursuit of authenticity is shown to be driven by participants' essentialist understanding of sexuality and gender and the centrality of religiosity to their sense of self Offering insight into how participants transform their relationships emotions beliefs and ritual practices in order to make this authentic life possible this study is an important contribution to the field of religion and sexuality **Encyclopedia of Sleep**, 2013-01-17 In a world of 24 hour media saturation sleep has become an increasingly fraught enterprise The award winning four volume Encyclopedia of Sleep Four Volume Set is the largest reference either online or in print on the subject of sleep

Written to be useful for the novice and the established researcher and clinician Topic areas will include sleep across the life cycle and in other species sleep and women sleep and the elderly pediatric sleep sleep deprivation and loss sleep mechanisms sleep physiology and pathophysiology sleep disorders neurobiology chronobiology pharmacology and impact of other disorders on sleep Recognizing the many fields that are connected to sleep science the editorial team has been carefully chosen to do justice to this highly interdisciplinary field of study The steady growth of researchers and clinicians in the sleep field attests to the continued interest in the scientific study of sleep and the management of patients with sleep disorders and anyone involved in this exciting field should find this work to be an invaluable reference 2013 PROSE Award winner for Multivolume Reference in Science from the Association of American Publishers Thoroughly interdisciplinary looks at sleep throughout the life cycle with exceptional coverage of basic sleep concepts the physiology of sleep as well as sleep disorders of all descriptions Excellent coverage of sleep and special populations covering the lifespan as well as gender and ethnic differences among others Chapters focusing on sleep disorders are grouped under the broad categories classified in the ICSD 2 for clear organization so that the reader can effectively access the steps involved in diagnosing and treating these disorders Online version is linked both within the encyclopedia to related content and to external sources such as primary journal content so that users have easy access to more detailed information if needed
