Automobile ,2009 How to Rebuild and Modify High-Performance Manual Transmissions Paul Cangialosi,2010 How to Rebuild and Modify High Performance Manual Transmissions breaks down the disassembly inspection modification upgrade and rebuilding process into detailed yet easy to follow steps consistent with our other Workbench series books The latest techniques and insider tips are revealed so an enthusiast can quickly perform a tear down identify worn parts select the best components and successfully assemble a high performance transmission Transmission expert and designer Paul Cangialosi shares his proven rebuilding methods insight and 27 years of knowledge in the transmission industry He guides you through the rebuilding process for most major high performance transmissions including BorgWarner T10 and super T10 GM Muncie Ford Toploader and Tremec T5 This new edition also contains a complete step by step rebuild of the Chrysler A833 transmission COPO Camaro, Chevelle & Nova Matt Avery,2018-09-14 The COPO Camaros Chevelles and Novas of the 1960s and early 1970s were the ultimate high performance GM muscle cars While few knew about this back channel program at the time it is now recognized as the origin of GM s top muscle cars Dedicated Chevy racers and car owners were determined to compete head to head with Mopar and Ford at the racetrack and on the street But in order to do so they needed to circumvent the corporate ban on racing and resolve the restriction of 400 ci engines in intermediate vehicles Don Yenko and some other creative individuals recognized the loophole in the COPO Central Office Production Order system at General Motors The COPO program was designated for fleet vehicles such as taxicabs but at the peak of the muscle car wars it was used to build the ultimate high performance Chevy muscle cars Some horrific on track accidents compelled General Motors to drop out of racing yet GM did not want to allow Chrysler and Ford to steal the glory on Sundays while they stood on the sidelines As a result GM inconspicuously ran the Chevy racing and high performance program through back channels and COPO was integral part of the program Don Yenko became the COPO muscle car program chief architect and champion He ordered the Corvair through the COPO program and created the Corvair Stinger to mount a SCCA road race campaign From these humble beginnings the road map for creating the ultimate Camaros Chevelles and Novas was established Factory Camaro V 8s came equipped with the 350 small block or 396 big block which had to compete with the Mustang Cobra Jets

and Mopar Wedge and Hemi cars In response building the big block Camaro through the COPO program was devised At the factory Camaros were fitted with the 396 engines and shipped to dealers where the 427s were installed in the cars From 1967 to 1969 the factory and dealers installed eight different 427 engines including the all aluminum ZL1 427 Later on others used the road map to build COPO Novas and Chevelles to similar spec with similar results The COPO performance car program did not end with these muscle cars Yenke even ordered several hundred Vegas through the COPO program so they could be fitted with turbochargers and raced in SCCA competition Chevy muscle car aficionado and author Matt Avery retraces the history of the COPO program and the creation of these premier muscle cars He has scoured archives and tracked down owners and personnel involved in the program to deliver a comprehensive story and complete guide to the COPO cars The COPO muscle car and racing program produced a storied and remarkable journey and author Matt Avery captures all these facets in this entertaining and revealing history p p1 margin 0 0px 0 0px 0 0px 0 0px font 12 0px Arial

Complete Book of Collectible Cars Richard M. Langworth,2000 General Motors Richard Thomas Gall,2010 This book portrays life inside a General Motors factory in the 1970 s Have you ever wondered why or how the lazy hourly workers came to be that way This myth is debunked throughout the book Anyone who has ever worked hourly for General Motors the big three or any large manufacturing company will enjoy the experiences provided in this book They will find themselves reminiscing in the past about their own work experiences Anyone who has had a close relative that worked in a factory will want to read this book to get a feel of what their loved ones went through while earning a living The book comes to the stunning conclusion that General Motor s top executives wasted a tremendous amount of human resources over the years They looked down upon the factory workers and treated them as if they were disposable employees They never attempted to tap into the vast and almost incalculable amount of brainpower available because they simply dismissed their classification hourly worker as useless They treated them as if they were the source of all of their problems They never even considered that with four hundred thousand hourly employees they might have had the resources right in front of them to help in solving the vast and complex problems that exist in the every day world of work In today s competitive manufacturing environment Lean Manufacturing has stepped into the forefront for improvement One of the two pillars of Lean manufacturing is respect for the worker If you re an executive leader manager or a student of lean you ll want to read this book to see how not to do it One theory of management says that if you don t like what you see around you go look in a mirror first because your workforce is a reflection of your thinking and actions **Muscle Cars** Mike Mueller,2010-06-26 The 1960s and early 1970s were the age of raw American automotive power Whether it was a classic Hemi Cuda Pontiac GTO Charger or Boss Mustang big engines were king at local drag strips and cruises Muscle Cars explores this era and the current models with a broad survey of classic muscle and today s new machines Each chapter is organized around a theme milestones factory racers etc each model getting a multi page spread of full color photography performance stats trivia and more Photos and stories from
