9696 October November 2014 Geography Paper 13:

Tourism, Public Transport and Sustainable Mobility C. Michael Hall, Diem-Trinh Le-Klähn, Yael Ram, 2017-02-03 This book offers a comprehensive global examination of the relationship between public transport and tourism as well as exploring other sustainable transport modes It offers a unique view by analysing tourism through the public transport lens and vice versa The volume provides an account of how the public transport experience can be improved for tourists so that its value can be maximised and a greater number of people can be encouraged to shift modes It features a wide range of case studies and examples showing how the tourism industry as well as regional economies communities and the environment benefit when public transport is widely used by tourists The book will be of interest to researchers and students in the fields of tourism and transport as well as destination marketing organisations and tourism transport and urban planners
