### Summary tasks guidance – Paper 1 Reading Section B

#### Overview

##### Question 3(a) is a selective summary task in response to Text B

The purpose of a selective summary task is to inform the reader of just the key information and explicit ideas they need to understand the text. Writing an effective selective summary involves gathering only those ideas from the text that are relevant to answer the question and then organising, reworking and condensing those points to offer a succinct overview. The reader needs to understand the central ideas from the text quickly and efficiently, just by reading the answer.

##### Question 3(b) is a short opinion-based task in response to Text B

The purpose of an opinion-based task is to demonstrate understanding of a particular attitude or opinion in the text. Writing an effective opinion-based response involves identifying implicit ideas in the text that are related to the perspective or viewpoint in the question and then using and developing those ideas to offer an explanation that answers the question as set.

#### Writing a selective summary – Paper 1 Question 3(a)

This task assesses skills in **both Reading and Writing** as follows:

##### Reading:

- **explicit ideas** – show understanding of the information as it is presented in the text and avoid adding personal comments or extending explanations
- **range** – aim to show understanding of a wide range of relevant ideas taken from the whole passage
- **relevance** – pay attention to the focus of the question and make sure that the points written are relevant to that focus
- **selection** – select only the information needed to answer the question and avoid using excess examples or repeating points
- **use** – use the information selected to help the reader understand the central ideas rather than simply repeating or copying sections from the text.

##### Writing:

- **organisation** – organise the answer logically and helpfully for the reader so that it efficiently communicates the ideas they need to understand
- **appropriate use of a range of own words and/or structures** – help the reader understand the points selected by reworking the language of the original text to communicate ideas clearly and concisely.

#### Writing an opinion-based response – Paper 1 Question 3(b)

This task assesses **Reading** skills. Writing skills are not assessed in this task, although to communicate understanding fully, it is important that ideas are expressed clearly.

##### Reading:

- **implicit ideas** – consider details and hints in the text to work out the meaning they suggest, e.g. what the attitude or opinion of someone mentioned in the text might be based on the evidence given
- **consistency** – maintain the viewpoint or perspective specified in the question
- **relevance** – the ideas included in the answer should be rooted in the details of the text
- **development** – extend and develop the implicit ideas identified as relevant to make the meaning clear
- **support** – illustrate and support the points by making reference to any key details mentioned in the text.
