times there is no other modernised edition in print I trace s introduction outlines views of its origins its special features and its surprisingly rich performance history her textual notes point out differences between the first quarto and the longer second quarto and Folio versions and offer alternatives which actors or directors might choose for specific productions *Creative Holiday Learning* Timothy Tuck,2005 **Shakespeare's Things** Brett Gamboa, Lawrence Switzky,2019-11-19 Floating daggers enchanted handkerchiefs supernatural storms and moving statues have tantalized Shakespeare s readers and audiences for centuries The essays in Shakespeare s Things Shakespearean Theatre and the Non Human World in History Theory and Performance renew attention to non human influence and agency in the plays exploring how Shakespeare anticipates new materialist thought thing theory and object studies while presenting accounts of intention action and expression that we have not yet noticed or named By focusing on the things that populate the plays from commodities to props corpses to relics they find that canonical Shakespeare inventor of the human gives way to a lesser known figure a chronicler of the ceaseless collaboration among persons language the stage the object world audiences the weather the earth and the heavens **Humane Endeavour** Haldore Hanson,2018-12-02 As a foreign correspondent in the 1930 s Haldore Hanson covered the Chinese civil war and the invasion of China by Japan Traveling rural roads on bicycle he rotated among the warring forces and was occasionally arrested by one side or the other The present volume Humane Endeavor which was first published in 1939 was praised as a rare close up from the remote front lines Owing to his expertise the State Department hired him as an official in 1942 After World War II he became assistant director of the Point Four development aid program for Asia A complete coverage of the war years with pictures of outstanding personalities Hanson reports on the fall of Peiping on war on the Mongol front on the sieges of Shanghai Nanking on Japanese atrocities war in the air finance and man power Japanese rule in conquered areas guerilla warfare border republics and experiences with the 8th Route Army Interesting reading it holds the interest throughout and has the vitality of a first hand record Kirkus Review [Literature and the Senses](#) Annette Kern-Stähler,Elizabeth Robertson,2023 This collection of essays breaks new ground in the field of sensory studies Organized around the five traditional senses followed by a section on multisensoriality the collection facilitates a dialogue between scholars working on literature written from the Middle Ages to the present day **Catalogue of Ancient and Modern Books** Sotheran,1852
