instruction to meet the needs of gifted visual spatial learners You've found it in Visual Spatial Learners Understanding the
Learning Style Preference of Bright But Disengaged Students 2nd ed Visual spatial learners are students who show advanced
abilities with computers maps construction toys and puzzles The techniques outlined within these pages help all learners
succeed regardless of preferred learning style Based on the most current understanding of the brain's hemispheric functions
the author provides a number of strategies and lesson plan ideas to help make your classroom a successful learning
environment for all learners These strategies address preparing students to succeed on timed tests easing the pain of
handwriting teaching spelling using imagery incorporating mnemonics rhyme and other tricks that engage the right
hemisphere of the brain helping students stay focused and on track getting and keeping students organized and much more
Extreme Writing Keen J. Babbage, 2010-03-16 In recent years educators have become increasingly concerned about the
writing skills of students in elementary middle and high school They wonder what can be done to build proper writing skills
particularly in a generation of students who may consider text messaging to be the only writing a person needs to do
Extreme Writing describes how teachers can build upon the eagerness and skills that students apply to recreational social
and friendly writing bringing enjoyment back into writing for students The Extreme Writing approach is not a precise
formula for student achievement rather it is a shared discovery of the process the adventure the wonder and the liberation
