The stereo indicator light glows green when an FM stereo station is tuned in.

STEREO CASSETTE TAPE PLAYER/REORDER (Available with AM Radios)

The Radio portion of this unit operates as previously described under "Push Button AM Radio". The Cassette system is an exciting Chrysler innovation that gives you the versatility of a fine tape recorder plus the pure enjoyment of a stereo tape player.

Operation of the Stereo Tape Player: Challenger offers two different cassette units. The one illustrated, and another unit easily identified by a separate "Rewind and Engage/Disengage Lever" to the right of the Selector knob. Where the operation of these units differ, the in-

structions for the unit not illustrated will appear in brackets. Three simple steps are necessary to start the tape player. First turn on the radio then place the Selector Knob in the "Play" position. Now insert the cartridge, with the tape openings to the right. If one spool is empty, insert that end first or the cartridge will not stay engaged. Now press the cartridge holder down to engage the motor. (Insert the cartridge, if one spool is empty insert it last. Press in the rewind lever to engage.) The tone quality, bass or treble,

and the speaker balance are adjusted by the radio controls. When revolving these controls a slight detent can be felt that indicates the mid-point. The Rewind control overrides the play or record systems and allows you to reverse the tape to re-play a selection, or advance it to the next selection. If you should want to stop the tape for a moment without disengaging the cartridge, place the Selector Knob in "Stop". To stop the tape and disengage it you may press in on the Selector Knob. (Press rewind lever.) The tape will, of course, disengage when the radio or ignition is turned off. To eject the tape cassette you must press up on the Ejection Bar. (Press rewind lever.)

Operation of the Radio Record System

To record from your car radio first carefully tune in the desired station for best reception. Then place Selector Knob in the "Radio Record" position. Press in the Selector Knob to interlock record system and press down on the tape holder to
