Masunungure,2020-11-11 At Independence in 1980 Julius Nyerere called Zimbabwe the jewel of Africa and cautioned its new leaders not to tarnish it Tragically they paid no heed to Africa s esteemed elder statesmen Arguably and only if one ignores the carnage of Gukurahundi the first decade was a developmental one with resources being used prudently to benefit the formerly disadvantaged majority population However the 1990s witnessed a transition from a developmental to a predatory leadership which saw Zimbabwe cross the millennial line in crisis where it has remained ever since While many African countries have moved forward over the last three decades Zimbabwe has gone relentlessly backwards save for the four year interregnum of the tripartite coalition government 2009-2013 Virtually all development indicators point in the wrong direction and the crisis of poverty unemployment and the erosion of health education and other public goods continues unabated The imperatives of political survival and power politics supersede those of sound economics and public welfare Moreover unless good politics are conjoined with a sound people first policy the country will continue sliding downhill Zimbabwe s Trajectory tells the story of the country s post independence dynamics and its recent descent into becoming one of the three most unhappy countries in the world *Oswaal Karnataka PUE, Chapterwise & Topicwise, Solved Papers (2017-2023), II PUC Class 12, Business Studies* Oswaal Editorial Board,2023-10-25 Description of the product 100 % Updated for 2023-24 with Latest Reduced Karnataka PUE Syllabus Concept Clarity with Concept wise Revision Notes Mind Maps Mnemonics 100% Exam Readiness with Previous Year s Questions Board Scheme of Valuation Answers Valuable Exam Insights with 2000 NCERT Exemplar Questions Extensive Practice 2 Model Papers 3 Online Model Papers *The Political Economy of Livelihoods in Contemporary Zimbabwe* Kirk Helliker,Manase Kudzai Chiweshe,Sandra Bhatasara,2018-01-12 Since the introduction of the fast track land reform programme in 2000 Zimbabwe has undergone major economic and political shifts and these have had a profound impact on both urban and rural livelihoods This book provides rich empirical studies that examine a range of multi faceted and contested livelihoods within the context of systemic crises Taking a broad political economy approach the chapters advance a grounded and in depth understanding of emerging and shifting livelihood processes strategies and resilience that foregrounds agency at household level Highlighting an emergent scholarship amongst young black scholars in Zimbabwe and providing an understanding of how people and communities respond to socio economic challenges this book is an important read for scholars of African political economy southern African studies and

livelihoods      **Extractive Industry Indigenisation in Zimbabwe** Kennedy Manduna, 2025-09-25 This book explains how and why Zimbabwe's extractive industry Indigenisation over promised its benefits yet under delivered upon implementation This book traces the history of uneven development in Zimbabwe from the initial days of colonialism to the present using the extractive industry as the unit of analysis to carve out a granular and empirical analysis of the preponderance of transnational corporate control and ownership in the country Indigenisation of Zimbabwe's extractive industries was intended to address mining inequalities by transferring wealth from rich non Indigenous mining capital to disadvantaged Indigenous citizens and communities This policy however was a response to political economic and social crises posed by the international isolation of Zimbabwe's government following the controversial Fast Track Land Reform Programme in 2000 2003 An intervention therefore which promised to address inequalities has thus been hampered by corruption co optation and collusion which has led to it not only failing to address uneven development but in actual fact worsening the situation By examining the hidden structures and infrastructures of power capital and minerals and placing extractive industry Indigenisation in capitalism this book makes a crucial scholarly contribution to the renewed and burgeoning debates around the resurgence of resource nationalism in general and the struggle for economic sovereignty in particular This book steers readers more broadly to look for new and diversified ways of empowering Indigenous populations and their communities through mining Indigenisation in ways that do not threaten economic and political stability This book will be of great interest to students and scholars of the extractive industries natural resource management African politics and African development
