2015s S C Result:

Year Book of Pathology and Laboratory Medicine 2015 Stephen S. Raab, 2016-07-29 The Year Book of Pathology and Laboratory Medicine brings you abstracts of the articles that reported the year's breakthrough developments in pathology and laboratory medicine carefully selected from more than 500 journals worldwide Expert commentaries evaluate the clinical importance of each article and discuss its application to your practice There's no faster or easier way to stay informed Chapters in this annual cover the most current information on all aspects of pathology and laboratory medicine including molecular diagnostics anatomic pathology techniques outcomes analysis cytopathology and clinical immunology and hematology

Advances in Heterocyclic Chemistry, 2018-01-02 Advances in Heterocyclic Chemistry Volume 124 is the definitive series in the field one of great importance to organic chemists polymer chemists and many biological scientists Updates in this new volume include sections on the Organometallic Complexes of Azines The Literature of Heterocyclic Chemistry Part XV Heterocycles Incorporating a Pentacoordinated Hypervalent Phosphorus Atom and Tautomerism and the Structure of Azoles NMR Spectroscopy amongst other related topics Written by established authorities in the field this comprehensive review combines descriptive synthetic chemistry and mechanistic insight to yield an understanding of how chemistry drives the preparation and useful properties of heterocyclic compounds Considered the definitive serial in the field of heterocyclic chemistry Serves as the go to reference for organic chemists polymer chemists and many biological scientists Provides the latest comprehensive reviews written by established authorities in the field Combines descriptive synthetic chemistry and mechanistic insights to enhance understanding of how chemistry drives the preparation and useful properties of heterocyclic compounds

Redesigning Petroleum Taxation Emre Üşenmez, 2018-10-15 Since its inception some 40 years ago petroleum specific taxation in the UK has been subject to numerous modifications Often these modifications were brought into place not only to sufficiently incentivise the investors but also to capture a fair share for the government However it is evident from the frequency of changes that finding the right balance between these two aims is no easy matter Such a balance and the consequent fiscal stability is necessary for the long term relationship between the parties to endure to their mutual benefit Still it does not take much for one or other party to feel that they are out of balance As a consequence one party feels that the other party is taking an undue proportion of the value generated and that they are losing out Yet achieving that balance and fiscal stability is possible To understand this possibility this book first clarifies what is meant by sufficient incentivisation and fair share before developing a new fiscal system that manages this balance and stability Such clarification yields objective criteria against which to assess not only the existing regime but also the newly proposed regime This approach is further complemented by the critical analysis of the fiscal legislative framework and the evaluation of the legal positions of specific contractual elements and mechanisms found within that framework This latter analysis is important in order to reduce the legal uncertainty such elements may create which can otherwise lead to further reactive amendments

and revisions to the fiscal regime in the future **Legislative Calendar** United States. Congress. Senate. Committee on Environment and Public Works, 2015 Documents on the Law of UN Peace Operations Bruce Oswald, Helen Durham, Adrian Bates, 2019-06-27 Since the first edition of this book was published in 2010 United Nations peace operations have evolved significantly In the Democratic Republic of the Congo Central African Republic and South Sudan UN peacekeepers are now engaged in building peace by fighting non State armed actors and must consider issues concerning the application of law and policy governing the use of armed force when protecting civilians In addition the UN and its peacekeepers are increasingly being held to higher standards of accountability to ensure that their engagement with local forces and populations meets normative requirements found in international humanitarian law and international human rights law This extensively revised edition of Documents on the Law of UN Peace Operations addresses the key normative principles rules and standards that have been a part of this evolution The book provides essential documents accompanied with commentary which identify and explain the legal framework or applicable legal norms involved in the planning management and conduct of UN peace operations Topics covered include obligations under international humanitarian law human rights law international criminal law and privileges and immunities Special attention is also paid to matters such as accountability the rule of law and the protection of civilians **The Politics of Resilience and Transatlantic Order** Gordon Friedrichs, Sebastian Harnisch, Cameron G. Thies, 2019-05-17 This edited volume bridges the analytical divide between studies of transatlantic relations democratic peace theory and foreign policy analysis and improves our theoretical understanding of the logic of crises prevention and resolution The recent rise of populism and polarization in both the U S A and Europe adds to a host of foreign policy crises that have emerged in transatlantic relations over the last two decades Through examining how democracies can manage to sustain and maintain mechanisms of crisis resilience that are embedded in the democratic peace and particularly transatlantic relations this book helps enhance the understanding of inter democratic crisis resolution across issue areas In doing so it addresses some of the most important and prevalent crises of our time such as anti terrorism intervention in Afghanistan Iran s nuclear program burden sharing within North Atlantic Treaty Organization NATO key aspects of the international order such as binding norms for cyber security and the integration of China into the Western led international economic order as well as domestic order shifts such as the British vote to leave the European Union EU and the impact of the Trump administration populist foreign policy on transatlantic crisis resolution This book will be of key interest to students and scholars of International Relations Transatlantic Studies Foreign Policy Analysis and Comparative Politics Kidnap Anja Shortland, 2019-01-24 Kidnap for ransom is a lucrative but tricky business Millions of people live travel and work in areas with significant kidnap risks yet kidnaps of foreign workers local VIPs and tourists are surprisingly rare and the vast majority of abductions are peacefully resolved often for remarkably low ransoms In fact the market for hostages is so well ordered that the crime is insurable This is a puzzle ransoming a hostage is the world s most precarious

trade What would be the right price for your loved one and can you avoid putting others at risk by paying it What prevents criminals from maltreating hostages How do you safely pay a ransom And why would kidnappers release a potential future witness after receiving their money Kidnap Inside the Ransom Business uncovers how a group of insurers at Lloyd s of London have solved these thorny problems for their customers Based on interviews with industry insiders from both sides as well as hostage stakeholders it uncovers an intricate and powerful private governance system ordering transactions between the legal and the criminal economies

Product Liability Duncan Fairgrieve, Richard S Goldberg, 2020-05-20 Product Liability is a recognised authority in the field and covers the product liability laws through which manufacturers retailers and others may be held liable to compensate persons who are injured or who incur financial loss when the products which they manufacture or sell are defective or not fit for their purpose Product defects may originate in the production process be one of design or be grounded in a failure to issue an adequate warning or directions for safe use and practitioners advising business clients or claimants will find this book provides all the necessary information for practitioners to manage a product liability claim This new edition has been fully updated to take account of 10 years of development in case law and regulation and the increasing impact of cross border and transnational sale of goods The Court of Justice of the European Union handed down major rulings concerning the Product Liability Directive which affect the application of the Directive and national arrangements and Fairgrieve and Goldberg examines this in detail For any legal practitioner operating in areas which require knowledge of European product liability law an understanding of the impact of recent developments is essential and this work is an essential resource for practitioners working on product liability sale of goods personal injury and negligence The work provides comprehensive coverage of the law of negligence as it applies to product liability of the strict liability provisions of the Consumer Protection Act 1987 and of the EU s Product Liability Directive on which the Act is based Although the majority of cases involve pharmaceuticals and medical devices in recent English cases the allegedly defective products have been as diverse as a child s buggy an All Terrain Vehicle and even a coffee cup Many cases are brought as group actions and the book examines the rights of those who are injured by defective products As well as considering the perspective of the law as it has developed in the UK this edition contains detailed discussion of case law from other jurisdictions including the USA Australia New Zealand Canada France and Germany The coverage in the work is complemented by a full analysis of issues which arise in transnational litigation involving problems of jurisdiction and the choice of laws

Heterocyclic Chemistry in the 21st Century: A Tribute to Alan Katritzky, 2017-01-03 Advances in Heterocyclic Chemistry Heterocyclic Chemistry in the 21st Century A Tribute to Alan Katritzky is the definitive series in the field one of great importance to organic chemists polymer chemists and many biological scientists Because biology and organic chemistry increasingly intersect the associated nomenclature is used more frequently in explanations Written by established global authorities in the field this comprehensive review combines descriptive synthetic chemistry and

mechanistic insights to yield an understanding on how chemistry drives the preparation and useful properties of heterocyclic compounds Considered the definitive serial in the field of heterocyclic chemistry Serves as the go to reference for organic chemists polymer chemists and many biological scientists Provides the latest comprehensive reviews as written by established authorities in the field Combines descriptive synthetic chemistry and mechanistic insights to enhance understanding on how chemistry drives the preparation and useful properties of heterocyclic compounds International Law and the Use of Force Christine Gray,2018-02-08 This book explores the large and controversial subject of the use of force in international law It examines not only the use of force by states but also the role of the UN in peacekeeping and enforcement action and the increasing role of regional organizations in the maintenance of international peace and security The UN Charter framework is under challenge Russia s invasion of Georgia and intervention in Ukraine the USA s military operations in Syria and Saudi Arabia s campaign to restore the government of Yemen by force all raise questions about the law on intervention The war on terror that began after the 9 11 terrorist attacks on the USA has not been won It has spread far beyond Afghanistan it has led to targeted killings in Pakistan Somalia and Yemen and to intervention against ISIS in Iraq and Syria Is there an expanding right of self defence against non state actors Is the use of force effective The development of nuclear weapons by North Korea has reignited discussion about the legality of pre emptive self defence The NATO led operation in Libya increased hopes for the implementation of responsibility to protect but it also provoked criticism for exceeding the Security Council s authorization of force because its outcome was regime change UN peacekeeping faces new challenges especially with regard to the protection of civilians and UN forces have been given revolutionary mandates in several African states But the 2015 report Uniting Our Strengths reaffirmed that UN peacekeeping is not suited to counter terrorism or enforcement operations the UN should turn to regional organizations such as the African Union as first responders in situations of ongoing armed conflict South Sudan Hilde F. Johnson,2016-06-09 In July 2011 South Sudan was granted independence and became the world s newest country Yet just two and a half years after this momentous decision the country was in the grips of renewed civil war and political strife Hilde F Johnson served as Special Representative of the Secretary General and Head of the United Nations Mission in the Republic of South Sudan from July 2011 until July 2014 and as such she was witness to the many challenges which the country faced as it struggled to adjust to its new autonomous state In this book she provides an unparalleled insider s account of South Sudan s descent from the ecstatic celebrations of July 2011 to the outbreak of the disastrous conflict in December 2013 and the early bloody phase of the fighting Johnson s frequent personal and private contacts at the highest levels of government accompanied by her deep knowledge of the country and its history make this a unique eyewitness account of the turbulent first three years of the world s newest and yet most fragile country **Somali Piracy** Jade Lindley,2016-06-23 Maritime piracy off the coast of Somalia was first recognised as a global concern in 2008 after the hijackings of World Food Programme vessels It remains a serious

impediment to international maritime trade and a significant risk to seafarers Bringing a criminological perspective to the subject this book presents an analysis of Somali piracy by means of Routine Activity Theory and regulatory pluralism Based on data from a range of sources including published documents and in depth interviews with representatives of industry government and international organisations the study concludes that no one institution or policy will suffice to control Somali piracy Accordingly a number of different actors and institutions have a role to play in reducing the supply of motivated offenders the vulnerability of prospective victims and in enhancing guardianship The book envisages a holistic counter piracy program based on a pluralistic regulatory model that is sustainable within the region and managed by the region providing the best opportunity for both the immediate future and for long term success This study will be essential reading for criminologists public policy and legal scholars as well as policy makers and regulators in countries affected by and dealing with piracy and international professional advocacy groups operating in the maritime space **Ad-hoc, Mobile, and**

Wireless Networks Symeon Papavassiliou, Stefan Ruehrup, 2015-06-18 This book constitutes the proceedings of the 14th International Conference on Ad Hoc Networks and Wireless ADHOC NOW 2015 held in Athens Greece in June July 2015 The 25 full papers presented in this volume were carefully reviewed and selected from 52 submissions The book also contains 3 full paper invited talks The contributions are organized in topical sections named routing connectivity and resource allocation localization sensor deployment and mobility management distributed computing with mobile agents efficient reliable and secure smart energy networks and emerging communications networking and computing technologies for VANETs 2 0 *Journal of the Assembly, Legislature of the State of California* California. Legislature. Assembly, 1973 The

Law Against War Olivier Corten, 2021-07-29 Praise for previous edition a comprehensive meticulously researched study of contemporary international law governing the use of armed force in international relations Andrew Garwood Gowers Queensland University of Technology Law Review Volume 12 2 When this first English language edition of The Law Against War published it quickly established itself as a classic Detailed analytically rigorous and comprehensive it provided an indispensable guide to the legal framework regulating the use of force Now a decade on the much anticipated new edition brings the work up to date It looks at new precedents arising from the Arab Spring the struggle against the Islamic State in Iraq and Syria and the conflicts in Ukraine and Yemen It also reflects the new doctrinal debates surrounding recent state practice Previous positions are reconsidered and in some cases revised notably the question of consensual intervention and the very definition of force particularly to accommodate targeted extrajudicial executions and cyber operations Finally the new edition provides detailed coverage of the concept of self defense reflecting recent interpretations of the International Court of Justice and the ongoing controversies surrounding its definition and interpretation **The International Criminal Court and Nigeria** Muiyiwa Adigun, 2017-12-14 If Nigeria fails to prosecute the crimes recognised under the Rome Statute then the International Criminal Court ICC will intervene The ICC is only expected to complement the criminal justice system

in Nigeria and is not a court of first instance but one of last resort This is what is known as the principle of complementarity Before the ICC can step in it must make a finding of unwillingness or inability on the part of Nigeria It is only after this finding is made that the ICC can take over the prosecution of the crimes recognised under the Statute from Nigeria This book examines the criminal justice process in Nigeria and discovers that the justice system is latent with the requirements of unwillingness and inability The requirements which serve as tests for assessment are as they are laid down by the Rome Statute and interpreted by the ICC This book offers recommendations as to what Nigeria must do in order to avoid the ICC intervention by reversing those parameters that give rise to unwillingness and inability The International Criminal Court and Nigeria Implementing the Complementarity Principle of the Rome Statute offers a contribution to the advancement of international law and will be of practical use to African countries It aims to sensitise policy makers in different African countries in respect of policy options open to them to close impunity gap in their respective countries This volume addresses the topics with regard to international criminal law and comparative public law and will be of interest to researchers academics organizations and students in the fields of international law governance and comparative criminal justice

Sovereignty in the Age of Global Terrorism Myriam Feinberg, 2016-04-18 Sovereignty in the Age of Global Terrorism The Role of International Organisations analyses the role of international organisations in adopting counterterrorism measures after 9 11 and the impact of these measures on the sovereignty of their Member States The book examines the counterterrorism regimes of the UN and four regional organisations with a special focus on the EU as well as their implementation by their Member States It includes the 2008 Kadi case of the European Court of Justice as case study of the conflicts between legal regimes that have competing mandates to fight terrorism The relevance of the book lies in both comprehending the rationale for international actions against terrorism and the consequences on international law and State sovereignty *Florida Law Review*, 2016-05 [Brownlie's Principles of Public International Law](#) James Crawford, Ian Brownlie, 2019 Serving as a single volume introduction to the field as a whole this ninth edition of Brownlie s Principles of International Law seeks to present international law as a system that is based on and helps structure relations among states and other entities at the international level *Contents of Contracts and Unfair Terms* Mindy Chen-Wishart, Stefan Vogenauer, 2020-11-30 Studies in the Contract Laws of Asia provides an authoritative account of the contract law regimes of selected Asian jurisdictions including the major centres of commerce where limited critical commentaries have been published in the English language Each volume in the series aims to offer an insider s perspective into specific areas of contract law remedies formation parties contents vitiating factors change of circumstances illegality and public policy and explores how these diverse jurisdictions address common problems encountered in contractual disputes A concluding chapter draws out the convergences and divergences and other themes All the Asian jurisdictions examined have inherited or adopted the common law or civil law models of European legal systems Scholars of legal transplant will find a mine of

information on how received law has developed after the initial adaptation and transplant process including the mechanisms of and influences affecting these developments At the same time many points of convergence emerge These provide good starting points for regional harmonization projects Volume III of this series deals with the contents of contracts and unfair terms in the laws of China Hong Kong India Indonesia Japan Korea Malaysia Myanmar the Philippines Singapore Taiwan Thailand and Vietnam Typically each jurisdiction is covered in two chapters the first deals with the contents of contracts and how contractual terms are identified and interpreted the second deals with unfair terms the situations where the law will interfere in matters of unfairness relating to contract terms and legal responses to unfair terms

As recognized, adventure as with ease as experience about lesson, amusement, as capably as contract can be gotten by just checking out a books **2015s S C Result** also it is not directly done, you could agree to even more around this life, more or less the world.

We give you this proper as competently as easy artifice to get those all. We manage to pay for 2015s S C Result and numerous books collections from fictions to scientific research in any way. among them is this 2015s S C Result that can be your partner.
