Milani, 2014-12-05 This volume showcases cutting edge research in the linguistic and discursive study of masculinities comprising the first significant edited collection on language and masculinities since Johnson and Meinhof s 1997 volume Overall the chapters are linked together by a critical analytical perspective that seeks to understand the relationships between discourse masculinities and power Whereas some of the chapters offer detailed linguistically informed critiques of the ways in which old and new expressions of masculinities are complicit in the reproduction of men s hegemonic positions of power others provide a more complex picture one in which collusion and subversion go hand in hand Contributions argue for the need for research on language and masculinities to expand its remit so as to engage with gay

masculinities and unsettle gendered categories in order to consider the ways in which women transgender and intersex individuals also perform a variety of masculinities Finally unlike Johnson and Meinhof s 1997 collection this volume not only offers a wider and perhaps queerer perspective on the study of language and masculinities but also covers a broader geographical and socio cultural spectrum including work on Brazil Israel New Zealand Singapore and South Africa **Trans Sex** Lucie Fielding,2025-10-23 This radically re visioned and expanded edition of Trans Sex offers a joyously pleasure centered approach to nurturing trans erotic embodiment and finding gender pleasure in the body Trans Sex challenges limiting models of gender affirming care that focus on resolving gender dysphoria and preserving sexual function or highlight sexual losses that may arise as a result of transition pathways Grounded in social justice somatics and queer theory this book offers a pleasure positive approach to working with trans and gender expansive individuals Building on the groundbreaking concepts introduced in the award winning first edition the second edition features new frameworks such as gender pleasure and a fresh set of experiential activities and illustrative vignettes to bring theory to practice The final chapter features a new set of contributing trans and gender expansive authors who work at the intersections of sexuality and gender This book is designed to be accessible to a range of readers Mental health and medical providers will be able to harness creative strategies to enhance their practice and become more imaginative ethically curious providers Trans and gender expansive folks and allies will find tools and strategies for queering sex circumventing limiting understandings of the erotic and opening a potential universe of pleasure that celebrates the polymorphous perversity of our bodies **Publishers Weekly**,1986 **Seeking the Risen Christa** Nicola Slee,2011-03-17 Art and feminist theology often explore the figure of the feminine side of Christ However the risen Christa has had little if any coverage within these fields Now Seeking the Risen Christa by Nicola Slee uses a well crafted combination of reflection illustration and poetry to investigate the Risen Christa The discussion revolves around the central narratives of the gospels and the major Christological themes These subjects are re imagined and revisited from the hypothetical perspective of Christa Ultimately Nicola Slee wants Seeking The Risen Christ to represent a search for a risen Christa and therefore encourage readers to develop a freer unlimited relationship with Christ **Stories of the Soviet Experience** Irina Paperno,2011-01-15 Beginning with glasnost in the late 1980s and continuing into the present scores of personal accounts of life under Soviet rule written throughout its history have been published in Russia marking the end of an epoch In a major new work on private life and personal writings Irina Paperno explores this massive outpouring of human documents to uncover common themes cultural trends and literary forms The book argues that diverse as they are these narratives memoirs diaries notes blogs assert the historical significance of intimate lives shaped by catastrophic political forces especially the Terror under Stalin and World War II Moreover these published personal documents create a community where those who lived through the Soviet era can gain access to the inner recesses of one another s lives This community strives to forge a link to the tradition of Russia s nineteenth century

intelligentsia thus the Russian intelligentsia emerges as an additional implicit subject of this book The book surveys hundreds of personal accounts and focuses on two in particular chosen for their exceptional quality scope and emotional power Notes about Anna Akhmatova is the diary Lidiia Chukovskaia a professional editor kept to document the day to day life of her friend the great Russian poet Anna Akhmatova Evgeniia Kiseleva a barely literate former peasant kept records in notebooks with the thought of crafting a movie script from the story of her life The striking parallels and contrasts between these two documents demonstrate how the Soviet state and the idea of history shaped very different lives and very different life stories The book also analyzes dreams most of them terror dreams recounted in the diaries and memoirs of authors ranging from a peasant to well known writers a Party leader and Stalin himself History Paperno shows invaded their dreams too With a sure grasp of Russian cultural history great sensitivity to the men and women who wrote and a command of European and American scholarship on life writing Paperno places diaries and memoirs of the Soviet experience in a rich historical and conceptual frame An important and lasting contribution to the history of Russian culture at the end of an epoch Stories of the Soviet Experience also illuminates the general logic and specific uses of personal narratives *A Guide to the Best Fiction in English* Ernest Albert Baker,1913 Stories about Stories Brian Attebery,2014-02 The first comprehensive study of fantasy s uses of myth this book offers insights into the genre s popularity and cultural importance Combining history folklore and narrative theory Attebery s study explores familiar and forgotten fantasies and shows how the genre is also an arena for negotiating new relationships with traditional tales **Salomania and the Representation of Race and Gender in Modern Erotic Dance** Cecily Devereux,2023-04-25 Salomania and the Representation of Race and Gender in Modern Erotic Dance situates the 1908 dance craze which The New York Times called Salomania as a crucial event and a turning point in the history of the modern business of erotic dance Framing Salomania with reference to imperial ideologies of motherhood and race it works toward better understanding the increasing value of the display of the undressed female body in the 19th and early 20th centuries This study turns critical attention to cultures of maternity in the late 19th century primarily with reference to the ways in which women are defined in relation to their genitals as patriarchal property and space and are valued according to reproduction as their primary labour Erotic dance as it takes shape in the modern representation of Salome insists both that the mother is and is not visible in the body of the dancer a contradiction this study characterizes as reproductive fetishism Looking at a range of media the study traces the modern figure of Salome through visual art writing early psychoanalysis and dance from hootchie kootch to the performances dancer Maud Allan called mimeo dramatic to mid 20th century North American films such as Billy Wilder s *Sunset Boulevard* and Charles Lamont s *Salome Where She Danced* to the 21st century HBO series *The Sopranos* **AIDS, Behavior, and Culture** Edward C Green,Allison Herling Ruark,2016-06-16 Arguing for a behavior based approach Green and Ruark make the case that the most effective AIDS programs are those that encourage fundamental behavioral changes such as abstinence delay of sex faithfulness and

cessation of injection drug use **A Guide to the Best Fiction** Ernest Albert Baker,1913 **Love and Russian Literature** Ira Nadel,2023-11-30 Russia haunted the British cultural imagination throughout the 20th century whether as a romantic source of literary and political inspiration or as a warning of creeping totalitarianism In this new book Ira Nadel charts the story of that influence through the work of some of the key figures in British literature across the century including Joseph Conrad Somerset Maugham Jane Harrison Virginia Woolf and H G Wells Framed by the story of two romantic encounters between Walter Benjamin and the actress Asja Lacis in Moscow in 1926 and between Isaiah Berlin and Anna Akhmatova in 1945 Love and Russian Literature casts a vivid new light on the ways in which responses to Russia shaped the history of British modernism **British Propaganda and the State in the First World War** Gary S. Messinger,1992 In 1914 advertising was much less sophisticated than it is today radio was in its infancy television was undeveloped telephones were just coming into use the gargantuan party rallies of Hitler or Mussolini were still in the future and the idea of using communications media to control the thoughts of an entire population was new relatively unexplored and not of interest to governments to any great extent Propaganda was a part of life before 1914 and the term was coming into increasingly widespread usage But other institutions of society such as the church the press business political parties and philanthropy were the major producers not government **The Ties that Bind** Esther Kobel,Meredith Warren,Jo-Ann A.
